RENEWAL OF SEALING TREATY IS EXPECTED

THOUSAND U.S. CAPITALISTS TO VISIT VICTORIA IN MAY

Many Are Interested in British Columbia and Contemplate Making Investments Here, C. P. W. Schwengers Tells Chamber of Commerce Directors.

Several thousand delegates, representing approximately one third of the capital of the United States will visit Seattle for the convention of the National Foreign Trades Council of United States in May. A large number of these U.S. capitalists, possibly 1,000 of them, will accept the invitation of the Victoria Chamber of Commerce to visit Victoria after the convention, C. P. W. Schwengers, president of the Chamber, told the directors to-day.

LORD CURZON HAD OPERATION TO-DAY

Work of Surgeons Described as Successful; Next Few Days Critical Time

London, March 9.—Marquis Curzon of Kedleston, Lord President of the Council, this morning underwent an operation which was described as "quite successful". An official bulletin after the operation said: "Marquis Curzon underwent a severe operation this morning. The patient is as well as can be expected at this early stage, but his condition must call for great anxiety for a few days."

HOSTILITY OF PARLIAMENT MAY PRESAGE ECLIPSE OF HORSE RACING IN CANADA

If New Law Fails to Check Handbook Evil Further Action to Abolish All Track Operations Expected by Ottawa; "Orgy" of Racing in B.C. Cited in Commons as Reason for Check on Gambling Operations.

By Times Staff Representative
Ottawa, March 9.—Old-time parliamentarians, many of whom love a horse race, see in the recent action of the House of Commons on the racing question, although it did not go very far, the beginning of the end for Canadian race tracks. Supporters of racing won out in the recent all-day racing debate inasmuch as they blocked a resolution which would have abolished racing altogether; but the sentiment of the House, as revealed by the bewildering series of votes the other day, is not cheering for those who favor the ponies.

VANCOUVER YOUNG MAN WAS VICTIM OF CHICAGO MURDERER

A. F. Murchie Killed by Thug Who Was Trying to Hold up a Drug Store

Was in Chicago Taking Short Course at Art School; Was Soon to Return to B.C.

Chicago, March 9.—A robber attempting to hold up a drug store here late Saturday night shot and fatally wounded Archibald F. Murchie, an art student and son of a wealthy tea merchant of Vancouver, B.C. The drugist said the same robber had held up the store a week ago.

Murchie died in hospital.

WAS SOON TO RETURN
Vancouver, March 9.—Archibald Murchie, shot to death in Chicago, was twenty-one years old. He left here at the beginning of this year to take a short course in a Chicago art school, having been granted a leave of absence for three months by his employers, the Kelly, Douglas Company. It was his intention to return to Vancouver at the end of this month to rejoin the firm.

The father is head of the Oriental Tea Company here.

BEER IN ONTARIO
Windsor, Ont., March 9.—If the intention of Premier Ferguson to end the present session of the Legislature by Easter materializes, Ontario's new legal beer of 4.4 per cent proof spirits will be on sale within a month, R. L. Brackin, Liberal member for West Kent, predicted here.

LIBERALS AND PROGRESSIVES IN RIDING UNITE

Simcoe, Ont., March 9.—Representatives of Liberals and Progressives in Norfolk County have unanimously agreed to merge their political interests and if the riding associations agree with the decision the problem of representation in the next Federal election contest will be solved by entering a low tariff candidate in the field.

San Diego Store Safes Were Robbed

San Diego, Cal., March 9.—Three safes of the Marston department store here were blown open last night by one or more robbers and their contents made away with, according to the police. No estimate of the amount taken was made public.

SMUGGLING WRECKS CANADIAN BUSINESS, MANUFACTURERS SAY

Has Reached Serious Proportions, Throwing Thousands of Workmen Out of Employment; Chamber of Commerce Asked to Joint in Plea for More Customs Men.

Smuggling into Canada, especially from the United States, has reached such proportions that thousands of Canadian have been thrown out of work, disturbance and loss has been caused in many kinds of manufacturing, wholesale and retail businesses and the Dominion Government has been defrauded out of \$1,000,000 of revenue, a letter from the Canadian manufacturers' association read at the Chamber of Commerce directors' meeting this afternoon stated.

CRAFT DISCOVERED BELIEVED TO BE BANDIT LAUNCH

Boat Found in Lake Washington Said to Have Been Used by Nanaimo Bank Robbers

Seattle, March 9.—Long weeks of weary, and seemingly hopeless search for the phantom speed boat of the mysterious William Bagley, \$25,000 Nanaimo bank robbery prisoner, has finally been crowned with success.

NEW YORK THUGS BEAT WOMAN AND TOOK HER JEWELRY

Three Masked Men Chopped Through Doors of Her Apartment to Commit Crime

Bound and Gagged Escort; Believed to be Members of Murder Gang

New York, March 9.—Three masked men broke into the studio apartment of Mrs. Fay Perkins in West 55th Street early to-day and escaped with jewelry valued at \$50,000 after beating Mrs. Perkins and binding and gagging her escort, Milton Abbott, a wealthy cotton broker.

ALBERNI TO HAVE EXPERIMENTAL FARM

Special to The Times
Alberni, March 9.—Arrangements have been completed for an experimental farm in this district. Professor E. M. Straight of the Sidney Experimental Station, on a recent visit selected C. Chase's farm at Cherry Creek as an excellent place for experimental purposes.

ULSTER PEOPLE TO HAVE AN ELECTION

Belfast, March 9.—Dissolution of the present Ulster Parliament will occur during this week and an election will follow during the next three weeks, according to the best informed political circles here to-day. The proceedings of the Boundary Commission have occasioned considerable anxiety recently and this, it is thought, will be the main issue in the general election.

PRESIDES AT LEAGUE COUNCIL MEETING; J. A. CHAMBERLAIN

CROWD PRESENT WHEN LEAGUE DELEGATES MET

Great Interest in Council Sessions in Geneva Presided Over by Chamberlain

Geneva, March 9.—Austen Chamberlain, as president of the Council, opened the twenty-third session of the Council of the League of Nations to-day, and so great was the throng in the corridors of the League Palace that he had literally to edge his way into the chamber.

RELIEF WORK IS NOW SEEN IN NOVA SCOTIA

Food is Provided for Many Coal Miners' Families in the Strike Area

No Disturbances; Idle Men Are Not Following Practise of Picketing

GERMAN ELECTION IS SET FOR MARCH 29

The hope appears to be that this pact may be made the feature of a revised protocol whose aim of punishing any aggressive state would thus be achieved.

LIVESTOCK SHIPPERS LOSING PRIVILEGES

Ottawa, March 9.—Discontinuance of two special privileges extended for some years to the shippers of livestock in Canada is announced to-day by the Department of Agriculture. In order to provide funds for the extension of some of its regular services, the Federal Livestock Branch has found it necessary to discontinue the general application of the carlot and free freight policies after April 1 next.

UKRAINIANS TO COME TO B.C. FARMS FROM MANITOBA

Vancouver, March 9.—In British Columbia with the object of finding a farming district suitable for settlement by a number of Ukrainians now engaged in agriculture in Manitoba, Jacob Maydanyk and Theodore Borchy of Winnipeg will leave here to-night to confer with Hon. T. D. Pattullo, Minister of Lands, in Victoria. They propose in particular to investigate conditions in the Okanagan district and along the Pacific Great Eastern Railway.

ESQUIMALT FREE KILLING OF SEALS IN NORTH PACIFIC IMPROBABLE FOR MANY YEARS TO COME

Government of Canada Reported to Favor Renewal of Four-Power Treaty Prohibiting Open Hunting Which is Soon to Expire; Officials Says Sealers Who Are Preparing for Expeditions Are Acting Prematurely.

Special to The Times
Ottawa, March 9.—While active preparations for a resumption of sealing are already under way in British Columbia, it is learned here unofficially that the Canadian Government is inclined to favor a renewal of the Four-Power Sealing Treaty of 1911. No official statement of the Government's intentions is available, but from high sources it has been ascertained that official opinion inclines strongly to a renewal of the pact on its expiration. No representations for the discontinuance of the treaty have been received by the Government, it is stated.

Officials here are of opinion that Pacific Coast interests, in preparing for open season for seal next year, are acting prematurely and without any assurance that the present restrictions will not be continued for years to come.

TAXATION COURT NEW TORONTO PLAN

Toronto, March 9.—Finance Commissioner Ross of Toronto recommends that Toronto be allowed to form a taxation court for the complete collection of taxes in the city. He urges the court be given power to compel employers to keep out of wages the amount of the income tax of men failing to pay.

TWO MEN ADMIT THEY ROBBED MAIL

Montreal, March 9.—Bennie McLoughlin and Harry Melvor pleaded guilty in court here to-day to taking part in an armed holdup of the mails and the theft of letters and packages containing \$35,000, while Dan McLoughlin Jr. pleaded guilty to being an accessory after the fact on the same charge. The trio will be sentenced at the end of the court's present term. Six other men charged in connection with the same holdup will appear for trial to-morrow.

LEGAL OBSTACLES FAIL TO HOLD UP ANTI-DOPE DRIVE

Over Hundred Aliens Deported From B.C. in Year For Drug Trafficking

Many American Criminals Sent Out of Country; Chinese Rules Tightened up

By Times Staff Correspondent
Ottawa, March 9.—Despite a myriad of legal complications, and in the face of surprisingly ingenious attempts to foil them, Canadian immigration authorities are getting real results in their new campaign to deport drug sellers from British Columbia. No less than 105 aliens were deported from the Pacific Coast in the last fiscal year under the new provisions of the drug and narcotic laws. This is shown by striking figures just issued here from the Department of Immigration. Because of the elaborate legal measures taken by the aliens fighting deportation last year's success cost heavily but the department officials believed that it was money well spent.

Altogether 235 men and women were deported from Victoria and Vancouver last year, the Immigration Department's figures indicate. Of these 120 were Americans, 115 Chinese.

TWO IN HOSPITAL AFTER AUTO CRASH

Vancouver, March 9.—Mrs. K. Essa and her daughter, Rosa, of 3147 Cambie Street, are in the Vancouver General Hospital, each suffering with a broken leg, and Robert Gosse of 123 Eighth Avenue is charged with driving to the common danger as the result of an automobile accident which occurred last night.

NEW LIQUOR VENDOR IN TERMINAL CITY

Vancouver, March 9.—Leo A. Titleborn, who for the past four years held an executive position under the Liquor Control Board at the Burrard Street warehouse here, has been appointed vendor at the Pender Street store, succeeding A. K. Lavan, who was suspended from duty following the robbery of the safe in that store two weeks ago, in which some \$7,000 in cash disappeared.

It is not expected there will be any other changes at the Pender Street store in the immediate future, it is stated. Investigation of the robbery is proceeding, but both police and liquor board officials refuse to discuss developments.

HARRY SOWASH TO APPEAR IN COURT TUESDAY

Man Arrested on Beryl G. Charge Was Brought to Victoria To-day

Was Captured in New Orleans January 15 After Search by Police of Cities

Harry F. Sowash, alleged to have been implicated in the hijacking of the power boat Beryl G. and the slaying of Captain William G. Gillis and his son William near Sidney Island last September, arrived in Victoria this afternoon in the custody of Inspector T. N. Parsons and Provincial Constable Walker W. Cruickshank. He is to appear in police court to-morrow morning.

On arrival in Victoria Sowash was taken from the boat to the Provincial Police cells. At the present he is charged on a separate murder warrant, taken out in the Beryl G. case before J. H. Gillespie, J.P. As in the case of Owen D. Baker* last week, Sowash will be remanded into the Provincial Police Court to-morrow, where he will be joined by Baker.

Baker and Sowash are the two men for whom the Provincial Government offered a reward in the sum of \$2,000 apiece for information leading to their capture and conviction. Baker was arrested at New York on December 23, taken at night in a waterfront hotel, Sowash was captured at New Orleans on January 15. After extradition they were rushed to the Canadian side of the boundary line separately and brought across Canada by easy stages.

PIRIE DEATH SENTENCE IS BEFORE CABINET

Ottawa, March 9.—The fate of John Buchanan Pirie, under sentence to be hanged March 24 for the murder of his wife and two daughters here last October, will probably be decided at a Cabinet meeting next week.

Hon. Ernest Lapointe, Minister of Justice, received a petition this morning bearing 3,425 names and urging commutation of the death sentence either to life imprisonment or confinement in an asylum, because the crime was "attributable to a diseased mind rather than criminal tendencies."

MOSKOWSKI, PIANIST AND COMPOSER, DIED AT HOME IN PARIS

Paris, March 9.—Moritz Moszkowski, pianist and composer, died yesterday at his home here. He was born at Breslau, Germany, on August 23, 1854.

NEGOTIATIONS AWAITED

A British spokesman said no plans for an inter-allied conference on the security pact had been formulated.

Great Britain's statement on the protocol may be forthcoming to-morrow.

Two of the most important questions on the Council's programme are the Greek-Turkish dispute over the expulsion of the Patriarch of Constantinople and the League's investigation of German armaments. Viscount Ishii of Japan, the official representative on these questions, arrived and attended to-day's sessions.

The question of the peace protocol formulated by the last Assembly of the League, the ultimate fate of which is still undecided.

FOCH AWAITS QUESTIONS

Paris, March 9.—The question of continued occupation or evacuation of the Cologne Bridgehead has been thrown far into the shade by the broader one of security and the admission of Germany into the League of Nations. Marshal Foch is still waiting for the list of questions which the Ambassadors' Council has decided to refer to his Allied War Committee as to how Germany may be brought to respect the disarmament clause of the Versailles Treaty and he probably will be kept waiting until the League Council at Geneva has finished its discussion of the security protocol and Germany's application for League membership.

It was understood after the Council of League of Nations had begun its sessions here to-day that the Council had decided to postpone until Thursday the discussion of the peace protocol formulated by the last Assembly of the League, the ultimate fate of which is still undecided.

ONE-MONTH SENTENCE

Vancouver, March 9.—Ah Long, junk collector, with a penchant for gathering up odds and ends in garages and basements of homes without the permission of the owners, was this morning sentenced to one month with hard labor at Oakalla.

He alone is an acute observer who can observe minutely without being observed.

TACNA-ARICA TO HOLD A PLEBISCITE

Coolidge Says South Americans to Decide Between Chile and Peru

Washington, March 9.—A plebiscite to determine the question of sovereignty over Tacna-Arica was ordered in an award handed down to-day by President Coolidge in the controversy over the territory between Chile and Peru.

Disputes as to the possession of the provinces of Tacna and Arica have gone on between Chile and Peru since 1894, straining international relations not only between the two countries immediately concerned, but also between neighboring states which, more or less openly and consciously, were led to take sides in the quarrel. With the passing of the years national feeling concerning the matter grew more and more heated, until its solution was considered imperative for the peace of South America.

The United States was elected in 1922 to act as arbitrator of the difficulty, both sides agreeing to accept Washington's decision as final.

TREATY DIFFICULTY

The quarrel arose out of certain unfulfilled stipulations of a treaty of peace, known as the Treaty of Ancón, concluded in 1883 at the end of the war between Chile on one side and Peru and Bolivia on the other. War was declared by Chile in 1879, and in a struggle entirely victorious for the aggressive forces, Chile was, after four years of hostilities, in possession of Lima, the southern provinces of Peru, including Tacna and Arica, and about 100 miles of Pacific littoral formerly belonging to Bolivia.

The regions occupied, especially the province of Antofagasta, in the old Bolivian territory, and Tarapaca, formerly in Chile, were among the richest of the country in nitrates and guano.

TEN-YEAR PERIOD

In 1883 plenipotentiaries of the two warring countries met at Ancón and, after ten months of negotiations, concluded a treaty of peace. The main provisions were that Peru should cede unconditionally to Chile the province of Tarapaca and the provinces of Tacna and Arica, subject to Chilean legislation and authority for a period of ten years from the date of the ratification of the treaty of peace.

At the expiration of that term, the treaty further specified, "a plebiscite will decide by popular vote whether the territories of the above-mentioned provinces will remain definitely under the dominion and sovereignty of Chile or continue to form a part of Peru."

The treaty was ratified in 1884. Negotiations were started in 1892 between the two governments to reach some agreement as to the conditions under which the plebiscite should be held. These continued for twenty-five years without any settlement of the question. The disputed territory, in the meantime, continued to be rich in nitrates.

NO RICH TERRITORY

The territory under dispute has no great actual or potential commercial value. Chile's nitrate fields lying to the south of Arica, its chief town, had dwindled greatly in population during recent years, counting to-day not more than 5,000 inhabitants. It is, however, important as the seaport through which most of the Bolivian trade with the Pacific is handled.

The region, of volcanic origin, has sulphur and borax as practically its only minerals. It is richer in agricultural products, however, growing large quantities of cocoa plants and the world famous Moquegua raisins in the Sama River valley on its northern border.

ANTI-DOPE

(Continued from page 1.)

nese, 36 British, six Japanese and the others of European nationalities. Most of these people, in addition to those convicted of drug trafficking, were convicted of other crimes. Four were deported to the United States and eighteen to other countries.

RULES TIGHTENED UP

The complete figures compiled by the Immigration Department show that the number of Chinese immigrants into Canada in 1924 was 1,219. For the year 1923-24 the number of arrivals was 674, a decrease as compared with this average of 68.78 per cent. The average annual revenue collected in head tax on Chinese immigrants in the twelve-year period was \$1,934,391. In the last fiscal year it dropped to \$334,619.

All this, of course, is due to the new immigration rules under which only Chinese merchants and students are eligible to enter Canada. This means, in effect, that Canada has closed the door to Chinese immigration.—B.H.

MUCH SMUGGLING

(Continued from page 1.)

Alderman A. E. Todd thought the statements were exaggerated and suggested the association be informed enough expense through its staff of civil servants already.

"In one way," he said "it is coming back on us. We permit smuggling of goods into the United States. Now goods are being smuggled into Canada from the United States."

J. L. Beckwith and Mayor J. Carl Pendray urged that the letter be endorsed. It was a very serious matter for manufacturers.

George McGregor supported Alderman Todd's claim that there were already too many civil servants. There were men in the customs department enough now, he said, to do this work.

Mr. Beckwith asserted that there was a lot of smuggling. Several seizures had been had of boats smuggling goods into British Columbia ports.

R. Hayward pointed out that endorsement of the resolution would leave the way open for a whole lot of political patronage.

A wide difference of opinion existed as to the amount of smuggling on the British Columbia seaboard. A resolution to write to the manufacturers' association for more information was carried.

He that is ashamed to be seen in a mean condition, will be proud to be seen in a splendid one.

COAL STRIKE

(Continued from page 1.)

RATES NOT RECOGNIZED

Glacier Bay, N.S., March 9.—"The 1924 rates are off. The British Empire Steel Corporation will not produce any coal under them," was the statement made to-day by J. E. McLurg, vice-president of the British Empire Steel Corporation, when informed that the United Mine Workers would provide maintenance men if the corporation would restore credit at the stores, give a guarantee regarding minimum employment, and pay the 1924 wage rates until a settlement was effected.

"There is nothing doing as far as the union's proposal is concerned. This corporation will not consider mining coal under the 1924 rates," said Mr. McLurg.

CHURCH COLLECTIONS

Sydney Mines, March 9.—The churches in Sydney Mines collected enough money Sunday to relieve the need of the idle miners on the north side of the harbor until Tuesday, it was announced by the citizens' committee.

The British Canadian Co-operative Society is feeding 200 schoolchildren daily.

Arrangements have been made to broadcast an appeal for relief by radio.

TELEGRAPH MESSAGES

Halifax, March 9.—Premier Armstrong, in a telegram to J. W. McLeod, president of District 26 of the United Mine Workers of America, concluded with these words:

"I am a supporter of the telegraph charges on messages from you in the workers' interests, but I will not continue to pay public funds for messages from you containing misrepresentations and indignities."

PREMIER'S SUGGESTION

Halifax, March 9.—Premier Armstrong yesterday urged the committee of Glacier Bay citizens to agree to the terms of the above-mentioned telegram as a solution to the problem of protecting the collieries from total destruction by flooding. This was the result of an exchange of telegrams between the Premier, the British Empire Steel Corporation and the committee appointed at Glacier Bay to investigate the situation of the collieries. No answer to this suggestion has as yet been received.

SUPPORT OF CONGRESS

Ottawa, March 9.—Sympathetic support from the Trades and Labor Congress of Canada and the Nova Scotia miners in their fight with the British Empire Steel Corporation was made clear in a telegram dispatched yesterday from the headquarters of the congress, here signed by Tom Moore, president, and P. M. Draper, secretary-treasurer, on behalf of the executive council. The telegram said:

"The executive council of the Trades and Labor Congress of Canada, in a special congress executive council approve of sending you \$500 to aid in resisting threatened wage reductions and relieving some of the distress connected therewith and cheque for this sum is being mailed."

"To further secure undivided support of labor throughout the Dominion, we hereby extend to you the authority to add endorsement of congress executive council to your appeal for funds to aid in the present dispute."

NO DIVISION OF OPINION

Tom Moore, president of the Trades and Labor Congress of Canada, in an interview expressed the view that there could be no division of opinion in the ranks of organized labor in the Dominion as to the need of supporting the miners of Nova Scotia in their present struggle.

"This is not merely a local dispute, but one which arouses general interest throughout Canada," said Mr. Moore.

He added the opinion that the oft-repeated declaration of the benefits of Canada's natural resources had become a mockery when the men involved in the development of these resources were compelled constantly to accept such conditions.

RELIEF MEASURE

Sydney, N.S., March 9.—Relief measures for the needy families of the Nova Scotia miners, No. 26 of the United Mine Workers of America, have been in operation since Friday, and it is believed that despite the meagre amount of money at the disposal of the relief workers, much is being achieved.

A central food depot was established in Glacier Bay. Saturday afternoon provisions were issued and the families were too destitute to apply personally for relief, these were forwarded. Two soup kitchens are being maintained at No. 2 Colliery for the children.

Volunteer workers, headed by Rev. P. McAvoy of Glacier Bay, have been busy.

The following figures were given out by Mr. McAvoy:

Friday, 943 dependents fed and dinner given to 370 school children at New Aberdeen.

Saturday, provisions given to 959 dependents and dinner to 241 school children.

Mr. McAvoy said one-half of the meals in effect, that Canada has closed the door to Chinese immigration.—B.H.

HORSE RACING

(Continued from page 1.)

big affect on the racing situation. And curiously enough, on the other hand, Eastern newspapers which support racing, share the same opinion. They assert that while the publication of racing odds and tips is to be prohibited so as to put the bookmakers out of business, the information will be distributed by underground channels anyway. The odds and other information covering the big meets in Tia Juana and New Aberdeen, which thousands of dollars are wagered all over Canada daily, will be broadcasted by radio, telegraphed and telephoned to all parts of this country. Thus, it is asserted, the Canadian Institute of Mining and Metallurgy did much of value to the industry here.

Laurie Wins Match

A. Laurie won the men's monthly medal competition held at the Uplands Golf Club yesterday with a score of 68. His gross score was \$5 and his handicap 17. A. P. Thomas was second with a gross score of \$5 and a net of 71.

BAIL FORFEITED

Vancouver, March 9.—Allegedly operating a game of black jack with youths of juvenile age playing for stakes of cigarettes, Dan Kay, arrested on Thursday, April 2 or on the following Tuesday, April 7, it was made known to-day. It is understood the budget will provide for no reduction in the tariff, but will provide some adjustment in the application of various duties. Changes in the incidence of the sales tax, and possibly the income tax, also are anticipated.

J. T. SHAW WANTS SENATE REFORM DEBATE IN HOUSE

Ottawa, March 9.—Senate reform may be debated in the Commons late this afternoon. A resolution of J. T. Shaw, Independent, Calgary, West, stands first on the list of private members' resolutions and it is probable Mr. Shaw will open debate on it when private members' business is reached in the House to-day.

Another likely resolution for debate is Miss Agnes MacPhail's motion that a peace bureau should be established to promote international goodwill.

C.N.R. OFFICIAL TO VISIT VICTORIA SOON

Winnipeg, March 9.—W. D. Robb, senior vice-president of the Canadian National Railways, was a visitor here over the week-end en route to the Pacific Coast. Mr. Robb, who is accompanied by Dr. W. J. Black, director of colonization, is holding conferences with officials of the railway on immigration plans for 1925.

machine itself, which would mean the abolition of commercial racing.

GAMBLING RUN WILD

Racing in British Columbia last year was held up in Parliament by the sponsors of the move against race track operations as an example of the gambling racket running wild.

In British Columbia last year we had a regular orgy of race meets and gambling," W. G. McQuarrie of New Westminster declared, and added a protest against the present monopoly of the racing game by a few favored associations. "The trouble with us is that there are no Canadian horses running in British Columbia so far as I know; at least I never heard of a Canadian horse winning a race in British Columbia. Now one of the arguments advanced by those who are in support of horse racing is that racing has a tendency to improve the breed of horses."

"Well, it certainly does not do that in British Columbia because they are not raising any Canadian horses there which ever win races. The horses are brought from Tia Juana and American racing tracks."

When it gets too hot for them down there they come up to British Columbia in the summer time. With these American horses and race tracks, frequent and make a living out of race tracks; and these horses and these men in some way or other manage to accumulate most of the money which is spent on the race tracks and take it out of Canada."

WERE WIDE OPEN

W. C. Good, the Progressive member who sponsored the move to abolish racing altogether, pointed out that when he was in British Columbia some years ago gambling dens of all sorts were operating everywhere under wide-open conditions. Anyone who suggested in those days that all this would be changed was regarded as a well-meaning but freakish reformer, said Mr. Good. In the same way people were opposing the anti-racing move now.

On the other hand, Alfred Stork of Skeena, strongly supported action to cope with the evils of the game were necessary. It was his resolution asking for legislation to stop bookmaking that finally carried.

Stork found a strong supporter in Hon. S. F. Tolmie of Victoria, who declared that many Canadian horses had been bred in British Columbia and that the abolition of racing would ruin the horse breeding industry.

The racing question was debated without the slightest regard to the numerous votes taken on motions, amendment and sub-amendments.—B.H.

GEORGE MIDDLETON OF VACUOVER DIED

Manager of Federal Assay Office in That City in 1901

Vancouver, March 9.—News of the death of George Middleton, manager of the Dominion Government Assay office in Vancouver, was received to-day. He went to California last December.

Mr. Middleton was associated with the Federal assay office since 1884. He came to Vancouver in 1887, being placed in charge of the work in 1907. He was a great believer in the mining future of British Columbia and as a member of the Canadian Institute of Mining and Metallurgy did much of value to the industry here.

Laurie Wins Match

A. Laurie won the men's monthly medal competition held at the Uplands Golf Club yesterday with a score of 68. His gross score was \$5 and his handicap 17. A. P. Thomas was second with a gross score of \$5 and a net of 71.

BAIL FORFEITED

Vancouver, March 9.—Allegedly operating a game of black jack with youths of juvenile age playing for stakes of cigarettes, Dan Kay, arrested on Thursday, April 2 or on the following Tuesday, April 7, it was made known to-day. It is understood the budget will provide for no reduction in the tariff, but will provide some adjustment in the application of various duties. Changes in the incidence of the sales tax, and possibly the income tax, also are anticipated.

QUADRA TRIAL TO-MORROW IN SAN FRANCISCO

Officers, Crew, Agents and Supposed Owners of Seized Ship Are Called

San Francisco, March 9.—The validity of the rum seizure treaty between the United States and Canada, the ownership of the Farallone Islands and other weighty questions will come up for settlement at the trial here on the officers, crew, agents and supposed owners of the Canadian rum runner Quadra, seized off the California coast on October 14 last. The opening of the trial has been marked by a series of sensational episodes as well as international problems. The vessel was taken as a prize by the coastguard cutter Shawnee after she had ended a trip from Vancouver, B.C., and had anchored in the lee of the Farallone Islands. She was brought into the port of San Francisco and both vessel and cargo were put under federal libel. Federal authorities valued the cargo at between \$500,000 and \$1,000,000. On November 12 Captain George Ford of the Quadra, twenty-two members of his crew, twenty-seven members of the board of directors of the Consolidated Exporters' Association of Vancouver, and F. R. Anderson, Vancouver attorney, and counsel for the other defendants, were indicted on a charge of violating the treaty provisions and the domestic prohibition laws. Among the supposed directors of the Association was Russell Whitelaw, wealthy Canadian resident, who was never apprehended.

BAIL FORFEITED

Anderson was arrested here previously to the indictment after having come to prepare the case for the other co-defendants and his bail set at \$10,000. He left the country and his bail was forfeited.

Two of the other supposed directors of the association, Charles P. Belanger and Max Ripstein, both prominent residents of the Canadian Northwest, will go to trial with the other defendants.

The chief contention of the defense is that the Quadra was seized by waters that are more than an hour's steaming distance from the mainland, in supposed violation of the treaty.

FEDERAL BUDGET SPEECH APRIL 2

Special to The Times

Ottawa, March 9.—Pressing ahead the work of the session as fast as possible, the Government plans to bring down the budget on Thursday, April 2 or on the following Tuesday, April 7. It was made known to-day. It is understood the budget will provide for no reduction in the tariff, but will provide some adjustment in the application of various duties. Changes in the incidence of the sales tax, and possibly the income tax, also are anticipated.

J. T. SHAW WANTS SENATE REFORM DEBATE IN HOUSE

Ottawa, March 9.—Senate reform may be debated in the Commons late this afternoon. A resolution of J. T. Shaw, Independent, Calgary, West, stands first on the list of private members' resolutions and it is probable Mr. Shaw will open debate on it when private members' business is reached in the House to-day.

Another likely resolution for debate is Miss Agnes MacPhail's motion that a peace bureau should be established to promote international goodwill.

C.N.R. OFFICIAL TO VISIT VICTORIA SOON

Winnipeg, March 9.—W. D. Robb, senior vice-president of the Canadian National Railways, was a visitor here over the week-end en route to the Pacific Coast. Mr. Robb, who is accompanied by Dr. W. J. Black, director of colonization, is holding conferences with officials of the railway on immigration plans for 1925.

machine itself, which would mean the abolition of commercial racing.

GAMBLING RUN WILD

Racing in British Columbia last year was held up in Parliament by the sponsors of the move against race track operations as an example of the gambling racket running wild.

In British Columbia last year we had a regular orgy of race meets and gambling," W. G. McQuarrie of New Westminster declared, and added a protest against the present monopoly of the racing game by a few favored associations. "The trouble with us is that there are no Canadian horses running in British Columbia so far as I know; at least I never heard of a Canadian horse winning a race in British Columbia. Now one of the arguments advanced by those who are in support of horse racing is that racing has a tendency to improve the breed of horses."

"Well, it certainly does not do that in British Columbia because they are not raising any Canadian horses there which ever win races. The horses are brought from Tia Juana and American racing tracks."

When it gets too hot for them down there they come up to British Columbia in the summer time. With these American horses and race tracks, frequent and make a living out of race tracks; and these horses and these men in some way or other manage to accumulate most of the money which is spent on the race tracks and take it out of Canada."

WERE WIDE OPEN

W. C. Good, the Progressive member who sponsored the move to abolish racing altogether, pointed out that when he was in British Columbia some years ago gambling dens of all sorts were operating everywhere under wide-open conditions. Anyone who suggested in those days that all this would be changed was regarded as a well-meaning but freakish reformer, said Mr. Good. In the same way people were opposing the anti-racing move now.

On the other hand, Alfred Stork of Skeena, strongly supported action to cope with the evils of the game were necessary. It was his resolution asking for legislation to stop bookmaking that finally carried.

Stork found a strong supporter in Hon. S. F. Tolmie of Victoria, who declared that many Canadian horses had been bred in British Columbia and that the abolition of racing would ruin the horse breeding industry.

The racing question was debated without the slightest regard to the numerous votes taken on motions, amendment and sub-amendments.—B.H.

QUADRA TRIAL TO-MORROW IN SAN FRANCISCO

Officers, Crew, Agents and Supposed Owners of Seized Ship Are Called

San Francisco, March 9.—The validity of the rum seizure treaty between the United States and Canada, the ownership of the Farallone Islands and other weighty questions will come up for settlement at the trial here on the officers, crew, agents and supposed owners of the Canadian rum runner Quadra, seized off the California coast on October 14 last. The opening of the trial has been marked by a series of sensational episodes as well as international problems. The vessel was taken as a prize by the coastguard cutter Shawnee after she had ended a trip from Vancouver, B.C., and had anchored in the lee of the Farallone Islands. She was brought into the port of San Francisco and both vessel and cargo were put under federal libel. Federal authorities valued the cargo at between \$500,000 and \$1,000,000. On November 12 Captain George Ford of the Quadra, twenty-two members of his crew, twenty-seven members of the board of directors of the Consolidated Exporters' Association of Vancouver, and F. R. Anderson, Vancouver attorney, and counsel for the other defendants, were indicted on a charge of violating the treaty provisions and the domestic prohibition laws. Among the supposed directors of the Association was Russell Whitelaw, wealthy Canadian resident, who was never apprehended.

BAIL FORFEITED

Anderson was arrested here previously to the indictment after having come to prepare the case for the other co-defendants and his bail set at \$10,000. He left the country and his bail was forfeited.

Two of the other supposed directors of the association, Charles P. Belanger and Max Ripstein, both prominent residents of the Canadian Northwest, will go to trial with the other defendants.

The chief contention of the defense is that the Quadra was seized by waters that are more than an hour's steaming distance from the mainland, in supposed violation of the treaty.

TRAINMAN KILLED BY THUG IN ALBERTA

Another Trainman Wounded; Criminal Carrying Shotgun Escaped in Storm

J. H. Calkins Shot While Making Search For Robber at Walsh Station

Calgary, March 9.—J. H. Calkins of Medicine Hat, a C.P.R. trainman, was shot and killed by a gunman at Walsh Station early this morning and J. H. Calkins, another trainman, was wounded. No arrests have been made.

According to an official account of the tragedy, Station Agent Chaffee, at Walsh, thirty-two miles east of Medicine Hat, was awakened about 1.30 a.m. by the sound of breaking glass. He opened the window and looked down. He was ordered to come and "open up." The agent, however, remained up stairs and flagged freight train No. 952 at 3.25 a.m. from the upstairs window.

The circumstances were explained to the train crew, who made an exhaustive search of the station premises, but no trace of any burglar was found. The crew then separated, Conductor Patton and Chaffee going in one direction and Calkins and Shiels in another, the latter two going to the back of the station. Almost immediately Calkins and Shiels were shot. Other members of the train crew found Calkins lying dead in the station, where he had crawled after being hit. Shiels was wounded, but was able to walk to the train.

The shooting was done with a shotgun, two empty 12-gauge shells being found behind the station. Calkins' body was literally covered with shot.

After the shooting the murderer disappeared. The trainmen state it was very dark at the time and there was a bad blizzard and rain.

Calkins was an old-timer of the district. He leaves a widow and one son.

No property at the station was disturbed.

TARIFF REQUEST

Brantford, Ont., March 9.—A higher tariff on vegetables entering Canada will be urged upon the Canadian Government by the Brant County Vegetable Growers.

FUNERAL NOTICE

A meeting of St. Andrew's Lodge No. 43 A.F. & M. will be held in the Masonic Temple, Flanagan Street, on Tuesday, March 10, 1925, at 8 p.m. sharp, for the purpose of attending the funeral of the late Bro. Frederick John Rendall of Royal Standard Lodge No. 298, Halifax, N.S.

Members of City Lodges and sojourning brethren in good standing are requested to attend.

By order of the Worshipful Master, M. J. LITTLE, Secretary.

WOMEN'S AUXILIARY OF NANAIMO G.W.V.A. REPORTS GOOD YEAR

Special to The Times
Nanaimo, March 9.—The statement of receipts and expenditures presented at the last meeting of the Women's Auxiliary of the Great War Veterans' Association of this city for the year ending January 31, 1925, shows a credit balance in the bank for the sum of \$295.09. The sum of \$1,270.79 was derived by the auxiliary from social affairs and tag days. One of their largest items of expenditure

was the sum of \$273.33, being proceeds of the Poppy Tag Day deposited in trust to the G.W.V.A. Donations given were as follows: G.W.V.A., \$200; Cedar District Women's Institute, \$5; and Medals for Essay on Armistice Day, \$27.75.

PING PONG STAGES ANOTHER COMEBACK

Nanaimo, March 9.—The game of ping pong has taken quite a hold upon a number of enthusiasts in this city, and tournaments are being arranged in the churches for the near future.

VANCOUVER ISLAND NEWS

VICTORIA BEHIND ALBERNI'S FIGHT FOR ISLAND LOOP ROAD

Following the visit to Victoria of Alderman E. M. Whyte of Alberni, the tourist trade group of the Victoria Chamber of Commerce has given careful consideration to the Island loop road. It is expected that the outcome will be a strong recommendation to the Provincial Government to connect the Island Highway with the West Coast branch road at Alberni, either via Comox Lake or through Strathcona Park, which would mean the creation of a loop highway on the Island.

"This road connection, it is now felt, would be a great boon to Vancouver Island, and would considerably facilitate the routing of tourists over all Island roads," says an article in The Victoria Chamber of Commerce News. "Furthermore, such a connection constructed in part along the valley of the Somas River, would immediately open up a large territory of rich, fertile farming land, which now stands in readiness for the plow. Such a road would, again, be of great value in the future development of Strathcona Park, a most wonderful territory for natural scenery covering almost eight hundred square miles, and one of British Columbia's greatest assets."

"Comparatively few people are at present familiar with the interior of Strathcona Park it being practically out of reach of the average individual. The opening of Strathcona Park is within the power of the people of British Columbia through the members of their Government. Were it effected, we feel safe in prophesying that many new pleasure resorts would immediately spring up, and that it would very soon become a second Switzerland, to be not even less popular than that European country where hundreds of thou-

sands of wealthy holiday makers spend millions of dollars annually. "Progressive Californians would undoubtedly give their all to have this park located within the bounds of their state, and were it situated there instead of on Vancouver Island there is not the faintest doubt but that it would be an enormous revenue producing feature."

ALBERNI TOLD OF ISLAND PUBLICITY

Victoria Visitors Speak on Folders Prepared by Bureau

Special to The Times
Alberni, B.C., March 9.—Frank Gilmour and Harold Palmer of the Victoria and Island Publicity Bureau and the Tourist Group of the Victoria Chamber of Commerce respectively were visitors in the city Friday, and met a number of members of the Alberni Board of Trade and City Council in an informal meeting in the council chamber to discuss the question of co-operation in the matter of advertising this district by taking space in the new district tourist folder of the Victoria Publicity Bureau. Alderman E. M. Whyte, president of the Board of Trade, occupied the chair. Others present were Mayor Hanna and Aldermen G. Forrest, E. E. Frost, H. B. Currie and J. Clegg and Messrs. J. A. McNiff and M. M. Stephens of the Board of Trade. It was felt that Alberni should take some space in this folder, but it was left to the regular meeting of the Board of Trade, which will take place next Tuesday night to decide how much they will be able to do.

NEW FORD
The City Council have just purchased a new one-ton Ford chassis for work on the city streets and waterworks departments, and will have a dump body built for it, and expect to have it in operation in about ten days' time.

FUNERAL
The funeral of the late John Robinson of Bainbridge was held yesterday afternoon from Forrester's undertaking parlors. Services were conducted both at the parlors and at the graveside by the Rev. G. A. Bagshaw. The pallbearers were E. M. Whyte, D. Watson, G. Forrest and J. M. Thomson.

Mr. and Mrs. R. O. Weston and two children have arrived in Alberni on a visit to Mrs. Weston's mother, Mrs. F. Nicholas.

PERSONALS
Mr. and Mrs. L. A. Pines, returned this week from Victoria, where they had been visiting Mrs. Pines' parents.

E. De Laurier of Vancouver was a visitor in the city on Thursday on business.

Nanaimo News

Special to The Times
Nanaimo, March 9.—The winners of the Conservative whist drive were: Ladies, Mrs. West, Mrs. Coulthard, Mrs. W. Bone, gentlemen, George Tippet, A. Sharp, E. Coulthard.

BOWLING
In the bowling fixture the Owls took the odd point from the Eagles. Mr. J. Cottle (Eagles) was high score with 179 pins, and also high average with 156. The scores were:

Eagles			
M. Wilkinson	139	146	115
J. Cottle	179	154	127
W. Dappaloni	134	122	109
T. Scott	114	127	143
D. Pollard	163	136	122
Total, 2941.	729	685	627

Owls			
J. Robertson	134	165	162
J. Piper	140	151	149
T. Thompson	126	150	111
B. Miller	135	113	122
K. Richardson	123	143	121
Total, 2044.	658	738	648

The following officers have been elected for the ensuing year by the Nanaimo Gun Club: Hon. Presidents: Hon. William Sloan and Mr. John Hunt; hon. vice-presidents, Tim Weeks and Mayor V. B. Harrison; president, P. Freer; vice-president, F. Parks; secretary-treasurer, C. Martin; captain, William Martin; vice-captain, Hubert Dendoff; executive, J. Galloway, C. Cameron, R. Parks, F. Botley, W. Martin.

The first shoot of the season will be held on April 1 for the Forcimmer Cup.

COWICHAN LITERARY SOCIETY MEETING

(Special to The Times)
Duncan, March 9.—Although the attendance was small, a very enjoyable evening was spent by the Cowichan Literary Society at their regular meeting on Friday. Poems and stories were read by Mrs. French, Mrs. W. E. Corfield and Mrs. Neal. A very interesting paper on "Pauline Johnson," written by Mrs. Bryce Wallace, was read by the president, Mrs. A. W. Johnson, Mrs. Wallace being unfortunately unable to attend. Mrs. Johnson also read poems and stories from some of Pauline Johnson's books. At the next meeting "The Importance of Being Earnest," by Oscar Wilde, will be read.

LICENSES SOUGHT FOR BEER SALE IN LADYSMITH HOTELS

Proprietors of eight hotels in Ladysmith have announced their intention

of applying for licenses to sell beer by the glass. A. J. Murrie has advertised for the Abbotsford Hotel, Napoleon Nanca for the Cassidy Hotel, Frank Baby for the Frank Hotel, John Th. for the Pretoria Hotel, John D. Giovannini for the Bayview Hotel, Alfred Mahle for the New Western Hotel, Adele Lepas for the Queen's Hotel, Jane O. Roberts for the Cecil Hotel, and M. A. H. Reid for the Travelers' Hotel.

DUNCAN DESIRES COMMUNITY HALL

Erection of Gymnasium and Recreation Hall Proposed

Special to The Times
Duncan, March 7.—At the meeting of the Duncan Consolidated School Board held Thursday evening a formal request was made to the effect that the Duncan and North Cowichan Councils submit the board's extraordinary estimates to a vote of the electors. The necessary loan by-laws must be voted upon within thirty days of the receipt of this. Trustees Bazett and Miller were appointed delegates to attend the meeting called by Rev. A. Biehlager, commanding officer of the local Boy Scouts, for next Monday evening, at which meeting the erection of a gymnasium and recreation hall in Duncan, for the use of boys and returned men, will be discussed.

It was decided not to accede to the request made for the use of the York Road school after hours. In future school buildings will be used for school purposes only. A resolution, requesting that teachers adhere to the regulations of the School Act, which prohibits the giving of arithmetic problems for home work was adopted. Authority was given to the transportation committee for a slight variation in one of the bus routes, to make it easier for children in the Tzouhalem district.

YOUNG PEOPLE OF SIDNEY ORGANIZE

New Society Launched With a Membership of Twenty

Special to The Times
Sidney, March 9.—A pretty surprise, miscellaneous shower was held at the home of Mrs. J. T. Jackson, Queen's Avenue, in honor of her niece, Miss Sarah Annie Watts, who is shortly to be married to Mr. Percy Seale. Mrs. Jackson brought in a basket to Miss Annie Watts with the presents in it. The bride to be thanked everyone in a few well-chosen words. The afternoon was spent in music and games. Mrs. Jackson served a delicious tea. The invited guests were: Mesdames Griffiths, Wark, Nunn, Herd, Ward, France, Lane, McKenzie, Conway, Ingamells, Douglas, Munro and Hill.

TO FORM SOCIETY

The younger set of the Union Church and their friends of the district met in Wesley Hall with the idea of forming a club. The Rev. T. G. Griffiths was in the chair. It was decided to call it the Young People's Society. Miss Carrie Williams acted as secretary for the evening. An election of officers took place as follows: Hon. president, the Rev. T. G. Griffiths; president, Miss Alice Corfield; vice-president, Miss Hazel Hill; secretary, Miss Lilah Pohl; treasurer, Miss Carrie Williams. Twenty young people became members. A supper committee of James Rankin, Charlie Moggridge and Gordon Bwcott was chosen.

CARD PARTY

A very enjoyable evening was spent at the home of Mr. and Mrs. Moses, Deep Bay. The evening was spent in cards and music. Mrs. R. Jackson and Mr. Bob Matthews won the prizes at progressive five hundred. Mrs. Moses served supper. She was assisted by her daughter, Miss Evelyn Moses. Those present were Mr. and Mrs. Jackson, Mrs. Frost, the Misses Irene Frost and Ruth Holt and Messrs. Evans, Bob Matthews, Gordon Copeland, Alex and George Samster, Lennard Bradbury and Tom Jordan.

WOMEN'S GUILD

The regular monthly meeting of the Women's Guild of St. Andrew's will be held on Wednesday at 2 o'clock, March 11, at the home of Mrs. Whiting.

DANCE

A very jolly dance was held on Friday evening in the Deep Cove Social Club Hall. About sixty people were present. Mrs. Gleason and Mr. Howard Robinson supplied the music. Supper was in charge of Mrs. Calvert and Miss M. Horth.

SEKS PEACE

General Michael W. Prunse, successor to Trotsky as Bolshevik war commissioner, says that Russia wants peace and that its army is only for defence. His words are believed to be the Bolshevik's first move to be included in the general arms conference.

You may choose from styles with turn-back, flare or frilled cuff effects. Kayser Silk Gloves are well known for their smart styles and splendid wearing qualities. Priced at, per pair, \$1.50 to \$2.75

Nanose Bay News

Nanose Bay, March 9.—Mrs. M. J. Williams of Nanose was hostess on Thursday afternoon at a "work tea" when she entertained members of the Ladies' Aid of the Nanose Mission Church. A good start was made on aprons for the apron bazaar, to be held next month. The ladies present were Mrs. F. Cross, Mrs. A. Guenette, Mrs. I. Corlett, Mrs. G. Roscoe, Mrs. N. Dickinson, Mrs. I. Bearce, Mrs. Christianson, Mrs. S. McPhee, Mrs. P. Jennison and Mrs. A. McKenzie.

PERSONALS

E. Kirkham of Nanose Bay is a

patient at the Nanaimo Hospital, suffering from injury to his foot. Joe Castello of Powder Point left on Saturday for an extended trip to the mainland.

WHIST DRIVE

The whist drive and dance given by the Powder Point Club on Friday was most successful and enjoyable. Fourteen tables of whist were in progress. The ladies' prize was won by Mrs. C. Van Sickle, and the gentlemen's by Mr. James Doran. Consolidated prizes were awarded to Mrs. J. Schell and Mr. James McKenzie. After the cards dancing was indulged in till a late hour. The Jamboranza Orchestra from Nanaimo provided all the latest jazz hits. An extra crowd of people came in for dancing from Qualicum, Parksville and Nanaimo.

"I can't believe this beautiful rug cost only \$19.00"

And in addition to its beauty and low price, a Congoleum Art-Rug is the most practical rug you can buy.

It requires neither dusty sweeping, beating, nor back-breaking scrubbing to keep it looking like new. Dust, grease, tracked-in mud and spilled things cannot harm the smooth, waterproof surface. Nor can sunlight fade the rich, lustrous colorings. An easy going over with a damp mop is all the cleaning needed to keep it bright and new-looking.

Sanitary—Durable

Gold-Seal Congoleum Art-Rugs are an improved form of sanitary floor-covering with a smooth, seamless surface—famous for their beauty of design and extraordinary resistance to wear. They lie flat without fastening of any kind; never curl up at the corners or edges.

Patterns for Every Room

There are rich Oriental designs, such as the one in the picture, well-suited for the living-room; gay floral patterns for the bedrooms; and neat, conventional designs for the kitchen and bath.

To appreciate Congoleum Art-Rugs you must see them; for only then can you realize how decorative and practical they really are. Your dealer will be glad to show you his stock of patterns.

Popular Rug Sizes—Popular Prices

9x3 ft.	\$5.25	9x7½ ft.	\$12.00	9x12 ft.	\$19.00
9x4½ ft.	7.50	9x9 ft.	14.00	9x13½ ft.	21.35
9x6 ft.	9.75	9x10½ ft.	16.50	9x15 ft.	23.70

Gold-Seal Congoleum By-the-Yard 95c sq. yd. Write us for folder, "Modern Rugs for Modern Homes," which illustrates the many beautiful rug patterns in full color.

Gold-Seal Congoleum Hall Runner

Your choice of two bright floral designs with border, which will add a touch of color to your halls or wherever you can use a runner. Made in rolls, 36 inches wide of the same easily cleaned, durable material as the rugs.

SEE THAT YOUR NAME IS ON THE VOTERS' LIST

ALL QUALIFIED ELECTORS in the Victoria and district ridings who did not vote at the last provincial general election will not be able to cast ballots in any future contest unless they restore their names to the rolls by the end of the present month. In the Victoria and Esquimalt polling divisions alone something like 9,000 voters failed to go to the polls on the last occasion and the names of all these have been removed from the lists in accordance with the provincial elections law. Having voted on some other occasion has nothing whatever to do with the present state of the roll. Each election decides the fate of the voter. If he or she has exercised the franchise, no change is made. But nothing can prevent removal if there is no evidence of a vote having been cast last time. Even where the voter has cast his or her ballot, however, there should be sufficient interest displayed to ascertain that his or her name is still on the roll. This is by way of making sure that a valuable privilege is secured for the immediate purpose of its use. Incidentally, it should be noted, if a Federal general election should be held this year, or early next year, it is almost certain that the provincial lists would be used. The matter of re-registration is therefore all the more important. But it must be done by the end of this month in order that the lists may be ready for Court of Revision in May.

THE NEW WING

THERE SHOULD BE A large gathering of citizens for the opening of the new wing of the Provincial Royal Jubilee Hospital on Wednesday afternoon. The proceedings will be extremely interesting in themselves and the occasion will furnish an excellent opportunity for the people of this district to learn more about this large and valuable institution than they otherwise would.

Wednesday's ceremony will represent the successful culmination of many years of assiduous planning, made possible by numerous gifts from private individuals and by monetary assistance from official coffers. It will also mark the inauguration of a new hospital service under conditions which it would be difficult to surpass anywhere else in Canada. Not only in the arrangement of the building itself, but also in the equipment which has been installed—and will be added to as hospital science advances—all the chief requirements of modern times have been anticipated and provided for.

Nor should it be forgotten that first-class hospital accommodation has an advertising value of equal importance with forms of publicity which are far removed from the atmosphere of the ward or the operating theatre. It signifies a regard for public health for which people in this and other countries are looking with greater keenness. Where this regard is the more insistent there exists an added attraction for those who are contemplating a change of residence. In this matter Victoria has certainly nothing with which to reproach itself.

No reference to Wednesday's function would be complete without a word of congratulation to those who were responsible for the institution. They have made possible a striking advance in civic progress as understood in hospital terms. The people of Victoria should, therefore, not be ungrateful of what the opening of the new wing means to them and to the locality at large.

ALL IS WELL

LAST WEEK'S COMMERCIAL failures in Canada amounted to forty—not a large number compared with sixty-five for the corresponding week of last year. British Columbia did not contribute to the list. There were no failures in this Province last week, and several weeks during the last few months have gone by with

a similarly clean sheet. This does not look as if this part of the Dominion was suffering nearly as much as some of its Conservative members of Parliament are telling the country in their speeches, in the House of Commons at Ottawa.

This weekly trade report of the Canadian Credit Men's Trust Association Limited is good reading, especially when it is remembered that there is never any effort made to give these documents the rosy touch which is sometimes imparted to propaganda.

Vancouver—All lines, both wholesale and retail, report a slight improvement noticed. Collections fair to good.

Calgary—Business generally during the last week has been somewhat disappointing. However, this is regarded as only a temporary situation. Current collections are fair.

Edmonton—Wholesale trade conditions very good. Collections a little slow, evidently held up pending distribution of wheat pool.

Halifax—Wholesale trade slightly improved. Retailers report business good for the season of the year.

Montreal—Wholesale trade in seasonal lines showing slight improvement and retail trade generally up to expectations. Collections slow to fair.

Toronto—Retail business is standing up fairly well. Steel and iron mills more active. Collections fairly good.

Winnipeg—Wholesale trade is reasonably active, with substantial improvement in some lines.

Regina—Both wholesale and retail trade conditions are up to expectations for this time of year. Collections slow.

All these reports are from large commercial centres and one of the best indications of conditions throughout is the state of collections. In no case does there appear to be anything but satisfaction expressed.

A SOLARIUM FOR THE ISLAND

ON MANY OCCASIONS during the last few years The Times has advocated a more practical policy in the prevention and treatment and after-care of diseases which are taking too large a toll of human life in this and other Provinces of the country. It has recognized, however, that the inadequacy of present systems is not a problem which a Government may solve by a stroke of the pen or by merely asking legislative authority for the spending of certain sums of money. The crippled child and the tuberculous adult will have to do the best they can while healthy persons are being shown how they can help to relieve the misfortune of the stricken and help themselves at the same time. The Times on Saturday drew the attention of its readers to the proposal which the Women's Institutes of this Province has launched in behalf of those little mites who come into the world in a crippled state or who develop ailments as a result of the many and varied inequalities under which they are compelled to live. One dollar each from every woman in British Columbia is all that is required to establish a Solarium on Vancouver Island—where incomparable light and air may be employed in a scientific curative process. It is a small investment for such a noble purpose.

LUTHER BURBANK

IT IS NOT SURPRISING that Luther Burbank should note his seventy-sixth birthday last Saturday by remarking that he expected to live to one hundred. This marvelous wizard in the realms of plants and trees and flowers has done so much for his fellowmen that he counts his accomplishments as nothing more than steppingstones to new conquests. But Luther Burbank claims no victory over Nature. He recognizes her domination and her stern refusal to tolerate impatience. Consequently he says he must hasten to co-operate with her and continue to do much more work.

Not many individuals in the world to-day could truthfully declare that they would like to live to be one hundred years old except under certain conditions. In a general sense they associate extreme old age with helplessness. But there are still a number of very prominent old men and women whose names have become household words all over the world who would willingly double the working hours of a normal day for their own convenience. Among these is Luther Burbank. Well might he rest content upon his laurels and devote the rest of his days to less exacting work than the task to which he applied himself soon after he first began to earn a few dollars in a plough factory. But his work is his pastime.

It was none other than Luther Burbank who declared that the whole of the Sanich Peninsula should be a thriving garden that would be capable of sustaining a large population. He saw in the richness of the soil and climatic conditions a great opportunity for

the district. He knew whereof he spoke and if he considers himself young at seventy-six, with such a record of achievements behind him, the locality which so favorably impressed him some years ago might well take a leaf out of his book and strive towards the object which his experienced mind considered practicable.

DR. FRANK CRANE
On
The Pretty Woman

EVERY woman wants to be pretty. The country over is starved with beauty parlors where women are trying to make themselves over and improve their appearance. All men like pretty women, yet somehow pretty women have not much of the right kind of influence in the world.

Perhaps it is because beauty is a gift. And anyone who has a gift has something that does not promote character, but interferes with it.

I have often noticed that a boy who plays the violin well, or the guitar, or the piano, or can do any other kind of trick well, is apt to be an unbalanced character. The same is true of a boy who can walk on the Dallas Road now and then. It is a rare thing for him to overcome them sufficiently to become a successful man.

The truth is that the man who has the best chance to succeed, if by success is meant all round achievement and contentment, is the man of an average character, the man who is endowed with no special gifts.

The Bible tells us that it is as hard for the rich man to get into the Kingdom of Heaven as for a camel to pass through the eye of a needle. It is hard for any man who is in any way especially endowed to be the right kind of person. It can be done, but it is rare.

There seems to be something in the possession of unusual qualities that unbalances a man's character. I had a child and wanted him to be happy. I should pray that he would not do anything well enough to be marked out above his fellows. It is a queer thing that in this life happiness seems to run along in the rut where the common people live. It is a privilege of the common and not the uncommon folk.

I recently saw a play called "The Valley of Content," which illustrated that there is much more content in being poor and struggling with the ordinary obstacles of life than there is in being rich and having no obstacles.

There are some people who cannot see the greatness of Abraham Lincoln. He was not a great speaker; he was not an artist; he was not a musician; he was not good looking. He was not extraordinarily endowed in any one particular way, but he was a man of great character. He was great in the sense that the common people are great. This made him the idol of the people. He was the more so because he was a common man. Those great women who have most influenced the world, either by their works or through some man, as a rule have not been pretty women. The pretty woman's gift is to be lovely, not to be great.

But if women have the right thoughts and feelings and principles in their minds, they will be great. They will be great in the way that the common people are great. They will be great in the way that the common people are great. They will be great in the way that the common people are great.

They will be great in the way that the common people are great. They will be great in the way that the common people are great. They will be great in the way that the common people are great. They will be great in the way that the common people are great.

They will be great in the way that the common people are great. They will be great in the way that the common people are great. They will be great in the way that the common people are great. They will be great in the way that the common people are great.

They will be great in the way that the common people are great. They will be great in the way that the common people are great. They will be great in the way that the common people are great. They will be great in the way that the common people are great.

They will be great in the way that the common people are great. They will be great in the way that the common people are great. They will be great in the way that the common people are great. They will be great in the way that the common people are great.

They will be great in the way that the common people are great. They will be great in the way that the common people are great. They will be great in the way that the common people are great. They will be great in the way that the common people are great.

They will be great in the way that the common people are great. They will be great in the way that the common people are great. They will be great in the way that the common people are great. They will be great in the way that the common people are great.

They will be great in the way that the common people are great. They will be great in the way that the common people are great. They will be great in the way that the common people are great. They will be great in the way that the common people are great.

They will be great in the way that the common people are great. They will be great in the way that the common people are great. They will be great in the way that the common people are great. They will be great in the way that the common people are great.

They will be great in the way that the common people are great. They will be great in the way that the common people are great. They will be great in the way that the common people are great. They will be great in the way that the common people are great.

They will be great in the way that the common people are great. They will be great in the way that the common people are great. They will be great in the way that the common people are great. They will be great in the way that the common people are great.

They will be great in the way that the common people are great. They will be great in the way that the common people are great. They will be great in the way that the common people are great. They will be great in the way that the common people are great.

They will be great in the way that the common people are great. They will be great in the way that the common people are great. They will be great in the way that the common people are great. They will be great in the way that the common people are great.

They will be great in the way that the common people are great. They will be great in the way that the common people are great. They will be great in the way that the common people are great. They will be great in the way that the common people are great.

They will be great in the way that the common people are great. They will be great in the way that the common people are great. They will be great in the way that the common people are great. They will be great in the way that the common people are great.

They will be great in the way that the common people are great. They will be great in the way that the common people are great. They will be great in the way that the common people are great. They will be great in the way that the common people are great.

They will be great in the way that the common people are great. They will be great in the way that the common people are great. They will be great in the way that the common people are great. They will be great in the way that the common people are great.

SIDEWALK ON DALLAS ROAD

To the Editor:—I see the city workmen have laid out a bridge path in the park, and on the Dallas Road where equestrians can saddle their horses and gallop away—why, I don't know, for there is not one man in a thousand rides a horse nowadays. It is certainly not for the ratepayers, whose expense the path has been laid out.

Now if the City Council had constructed a sidewalk along the road, from the end of Douglas Street to the end of Cook Street, it would have benefited everybody. It is a common remark heard among pedestrians these days, "I am so scared of getting run over." It is every bit true, too, for it is simply a steady procession of cars, especially on a Sunday, when most people like their walk out.

This particular part of the Dallas Road is the narrowest and the most dangerous. Cars are driving round this narrow road, and some are driving up Cook Street, and the Lord help the pedestrian who hasn't his wits about him at such a time. If he is not careful, he will be run over.

All judges agree that the pedestrian has the right-of-way whether on road or sidewalk, but few drivers are so kind. They think of the poor human as jump lively, especially on the Dallas Road on a Sunday, if he doesn't want his neck broken.

I certainly cannot say that I am strongly in favor of a sidewalk on this particular part of the Dallas Road.

GEORGE M. WATT.
1308 Dallas Road, March 9, 1925.

THE UNIONISTS' TRIUMPH
To the Editor:—One of your correspondents writing under the heading "The Unionists' Triumph" has asked me to advise whether there was a local treasurer who would receive contributions for the missionary and benevolent fund of the continuing Presbyterian Church.

I wish to say that Mr. A. F. Angus, 1383 St. Patrick Street, Victoria, is the treasurer of the Presbyterian Church Assembly, and would, I am sure, be pleased to forward to the proper quarters any contributions sent to him. At present Mr. Angus is in California, but is expected home at an early date.

I fully agree with Dr. Wilson that enough has been said of this unhappy controversy. I am sure that the Presbyterian Church of Victoria for a long time has been a model of peace and harmony. The fact that the moderator has found it necessary to come to its defence is sufficient proof that something has happened. It is a pity that the fact that the Presbyterian Church of Victoria, 1184 members who voted for union will have eight commissioners at the next meeting of the General Assembly.

When I recall the fact that the Presbyterian Church will not have one single representative, and yet we are to have a union, I am sure that the people, such action as referred to may satisfy unionists, but a discriminating public will place its own estimate on such tactics. It is interesting to note that of the four unionist ministers who are to go to the Assembly, one represents a self-sustaining congregation, one an augmented charge and two are employed by the church at large, and are paid out of the general funds to which unionists and non-unionists have contributed. Two are members of the same congregation, whose minister is also a commissioner.

With more than 500 congregations that have decided to continue the Presbyterian Church, we can assure our friends that there will be an assembly meeting in Toronto in June with representatives from ocean to ocean, whose work will not be in planning to obliterate the church but to carry on with the same old standards, the same polity and with one object, viz. to exalt Christ.

T. H. HUMPHRIES,
Secretary, Victoria Branch, Presbyterian Church Association,
406 Pemberton Building, March 6.

OLDEST BALL PLAYER
Sterling, Ill., March 9.—Caleb C. Johnson, eighty-one, who died Saturday, was for many years the oldest professional baseball player in the world, having been second baseman on A. G. Spalding's famous White Stockings in 1866-67.

Total, 2030.

Tom Gibbons Quits Training to Look After Sick Sons
St. Paul, March 9.—Tommy Gibbons, St. Paul heavyweight boxer, announced to-night that he is out of the fight game for a month or two because of the illness of his twin sons.

The twins are suffering with a severe attack of pneumonia. Tommy has abandoned active training to look after his sons. He will not resume ring work for a month at least and possibly two months.

Gibbons to-day notified Eddie Kane, his manager, of the children's illness. The St. Paul heavyweight announced to-night that he is out of the fight game for a month or two because of the illness of his twin sons.

Still Another Mark Falls Before Feet of Fleeting Narmi
Buffalo, N.Y., March 8.—Paavo Narmi of Finland clipped 12.5 seconds off Ilo Hahn's world record mile in a great race on the 17th Infantry Army track Saturday night. Narmi's time was 4:15 flat.

The Finnish runner, who had been running a mile and a half, changed his mind a short time before entering the race and concentrated his efforts on regaining the world record which the Boston A.A. runner wrested from him at the New York A.C. games in Madison Square Garden on February 14. He led his only dangerous Dempsey on the track, of Washington, D.C., by six yards at the tape.

Saturday night's record was 1:13 seconds better than Narmi's previous best time in the mile, made at Madison Square Garden on January 6.

Willie Ritola, Narmi's twin on the fast boards, exhausted two paces who worked in shifts in a special three-mile race against time, but failed to better his record of 12:54.15 made in New York February 24. His time Saturday night was 12:07.2-5.

HEALTH & DISEASE

—No. 29—
Dangers in Cosmetics
What Are Yours Made of?

One evening when Louis XV. of France was supping with the beautiful Madame de Pompadour and a small circle of intimates, the conversation turned to a discussion of gunpowder. It was soon evident that the exact composition of gunpowder was unknown to everyone present.

"Alas, we are in the like case with all things in this world," said Madame de Pompadour. "I know not what the rouge I put upon my cheeks is made of; you would bring me to a non-plus, if you asked how the silk hose I wear are manufactured."

The average modern woman knows as little about the composition of her rouge as did the gay French courtier of the eighteenth century, yet the use of cosmetics, face creams, face powders, etc., is not without its dangers. If they are used it is very often to the detriment of the skin, and the skin should be pure, harmless to the skin and free from irritants.

The danger of these substances lies, first, in the fact that some of them irritate the skin when used for a long period of time. Inflammation of the skin, sometimes very hard to cure, and even eczema may result. This irritation may lead to roughening and drying of the skin—ruining the complexion which the user had hoped to preserve and improve.

They have, too, a mechanical action. Powder may act as an obstruction to the natural secretions of the skin, which are designed by nature to keep the skin in the largest organ in the body, and one of the most important and useful pliable and healthy of dust and dirt. Blocking the ducts which lead to the surface may be the cause of considerable trouble.

A third danger is that of poison. Recently, in Vancouver, a number of girls acting in the chorus of a certain theatre, were seized with severe abdominal pain, obstinate constipation and other symptoms, and had to give up their work. Examination of the blood of one of them showed the characteristic signs of lead poisoning. This was traced to the whitening paste they used on their bodies at their performances; this paste contained lead. These girls had formerly used zinc oxide, which is harmless, but had only recently got this new preparation; the effects appeared in a few days after they began its use. This is an extreme instance, but shows that all these substances are not harmless, and that care must be taken.

The following rules should be observed in the use of all cosmetics: "Buy only the purest and best, made by the most reputable manufacturers. Do not use dry, gritty lotions with strong alcoholic content, or pure glycerine, without suitable addition of pure water.

Never leave powder or face cream overnight. Have your face clean when you go to bed. Certain cleansing creams are made, which are very good and harmless.

If you are in doubt as to the composition of white or red preparations, make sure that they are harmless, before you use them. This applies of course to any cosmetic, whatever color.

The best rule of all is never to use cosmetics. Fresh air and water, good sleep and suitable attention to the bodily functions, will give you the finest complexion possible. You need not pay for your complexion, but buy it in boxes or bottles; it is yours for the having.

Sooke Basketeers Scored Two Wins Against Royal Oak

Sooke, March 9.—There was two hard-fought games played at Chartwell Hall on Saturday night. The visiting team from Royal Oak "A" and "B" met the Sooke "A" and "B."

The "B" teams played first. It was an exciting game, the home team worked hard and won a victory, scoring 24 to Oak 15.

Reference Davis handled the whistle. This was followed by the "A" teams in a rough and fast game, causing many thrills to the cheering crowd. The visitors made a good get-away in the first half, leading 17 to 9. Sooke then put on a spurt, playing with its usual form, and caught up with their opponents, winning out with a score of 22 to 22.

The Sooke "A" C. Charters, G. Wadlington, E. George, B. Ackerman, H. G. George.

Royal Oak "A"—Hagerbury, S. Chester, G. Jones, G. McCullough, G. Davis.

Sooke "B"—R. Murford, B. Bob Akerman, T. Wright, R. Baker, G. George, W. Baker, B. Bert Akerman.

Royal Oak "B"—Tubman, B. Styne, 2. Woods, 1. Carmichael, 1. Hamilton, 1. Robinson.

Basketball Games at Willows This Evening Should be Exciting

A real good card of basketball games is scheduled at the Willows to-night in the City Basketball League. There games will be played with the first one commencing at 7:30 o'clock.

In the first game the Victoria College five will clash with the Tillamook. These teams are very evenly matched and a great game is expected. In the second game the B.C. Telephone quintette will take on the Civil Service team. At present the former team is leading the ladies "A" league, not having lost a game. They will be out to retain their long string of victories, while Servants will make a great effort to hand the league leaders their first setback.

Another fine game is looked for when the Falcons hook up with the J.H.A.A. The Falcons are leading the league, having won all their games. The Bays have been running into some hard luck in their last few games, but they expect to score a victory at the expense of the Falcons.

It has been decided by the City Basketball Association to stage a knockout competition for both ladies and gentlemen's teams at present playing in the different leagues in the city or district are eligible to enter. Entries must be in the hands of F. W. Harris, 151 Government Street, by Wednesday, March 11.

England Selects Rugby Fifteen to Oppose Scotland

London, March 9 (Canadian Press Cable).—The following team has been selected to represent England in the annual rugby international fixture with Scotland to be played at Inverleith Park, Edinburgh, on March 21. The fullback has yet to be chosen:

DELPHINIUMS

How to Grow the King of the Hardy Flower Border; Some Suggestions on the Varieties to Choose and the Way to Plant Them

By JOHN HUTCHISON, F.R.H.S.

The noble delphinium is indeed the king of the hardy flower border. The blooms are remarkably stately, and they supply a range of color that cannot be had in any other plant. The colors now run through all the shades of blue from palest Cambridge blue to the darkest ultramarine, blue-mauve, lavender, rose, and the richest violet purple.

Some of the finest delphiniums are being raised in British Columbia and at points as distant, one from another, as Victoria and Nelson. Near Victoria Mr. J. Robinson, of the late Mr. J. Robinson's nursery, has been able to produce delphiniums, both single and double, which, for color, form and size are second to none. So well are his plants thought of in England that the whole of his seed is shipped there. At Nelson, M. J. F. Sheppard, for the love of the thing, has developed a strain of delphiniums which are unique. Many of these he has named and exhibited, and some of them, such as his "Kootenay Belle" and "Kootenay Queen," are among the most beautiful things that one can see growing.

Seeing that these plants are so important in all hardy plant schemes and, also, that they are seldom seen at their best, these few hints are given to assist readers to a greater success in their culture and thereby to increase their popularity.

HOW TO PLANT THEM

Delphiniums, like most other hardy herbaceous plants, look of best advantage in masses or bold groups of separate varieties; say three, five, or seven in a group, according to the size of the border, allowing a space of at least two feet between plants.

Advantage should be taken of the different heights of the plants, not forgetting the beautiful Bella Donna type for the front of the border where its dwarf habit shows to advantage. The raising of delphiniums from seed is work for the specialist because plants do not come true from seed, and many hundreds of seedlings must be raised to get one that is better or even as good as existing varieties. Of course, there is always the chance of getting something really good if you can secure the seed from really good specimens, but this is hard to obtain and costs about \$30 an ounce, or more.

The best way is for the average gardener to buy a few good-named varieties and from these to increase his stock by divisions and cuttings. **INCREASING STOCK**

If one wishes to propagate by division the clumps may be divided in the early Fall, say September, or in the Spring. On no account should they be disturbed between October and March, particularly if grown in heavy soil. In dividing clumps a sharp knife is the best tool, and one should see to it that there are two or three good eyes as well as plenty of roots in each division. These should be planted at once and will soon make fine plants.

If it is desired to propagate the plants by cuttings these should be taken off the young shoots in early Spring when they are about three inches high, and care should be exercised to get a heel or small portion of the old root stock with every cutting. This is easy to do if a sharp knife is used. These cuttings will root freely if planted in sandy soil in a cold frame and, when rooted, planted in the open. In a year they will make fine flowering plants.

Delphiniums respond to first-class treatment. They are heavy feeders, and delight in a deep, well-dug rich soil with plenty of cow manure. The ground should be worked to a depth of two-and-a-half feet if possible, but if this cannot be done a hole to this depth should be dug in the subsoil and filled with well-rotted manure before planting. The eyes should be only two or three inches underground. Planting may be done in March and April, or in September. Late Fall planting is the cause of many losses as the plants have not the time to get established before the cold winter rains are at hand.

MANURING THE PLANTS

It may as well be said that if the manure advised cannot be had, and we all know how hard it is to get really well-rotted farmyard manure, artificial manure must be used.

Bone meal, whale guano and tankage are all good. Delphiniums plants should be dug up and divided every three years and, as they will have pretty well exhausted the soil, they should be planted in a new place or else the soil should be dug out and renewed.

As these plants often grow to a great height, some of them to six feet, staking should be attended to early, as otherwise the plants are apt to be broken by high winds.

The named varieties of delphiniums are many. There is a considerable diversity of opinion as to exactly what the perfect delphinium should be. "Millicent Blackmore" is generally considered to be a perfect plant. It has large circular semi-double flowers, symmetrically placed on a beautiful tapering spike, with no suggestion of crowding. Other varieties in the same class are The Shaly, Lavender, George Cochran, Purple King, and The Alake.

SOME VARIETIES

A distinct type is that represented by Lord Lansdowne and Blue Boy. The flowers are quite single and conform of the type of the true larkspur. It is in this class that the purest blues are met with, and, as the delphinium gives the best blue flowers for the border, this class should not be overlooked.

The undermentioned are a few of the best of the standard kinds, all of which are robust and should be tried by those who wish to introduce this plant to their gardens:

Blue Boy, Colonel Wyndham, Lord Derby, Millicent Blackmore, Mrs. Shirley, Mrs. Townley Parker, Queen Mary, Queen of Bath, Rev. E. Lascelles, and The Alake. And, in the Bella Donna section, that is the dwarf-er kinds, Capri, Lamartine, J. S. Brunton, and Mrs. Thompson.

You want blue flowers in your garden, therefore you must have delphiniums.

Homes For Aged Poor in Sweden

Stockholm, March 9.—Happy homes for the living instead of flowers for the dead, is the aim of the Swedish "Flower Fund" drive that has just scored its first significant triumph in the laying of the cornerstone of a large building designed exclusively for the aged and infirm, who otherwise might have to end their days in the poorhouse.

The idea of such a fund was launched about four years ago by Miss Alma Hedin, sister of Sven Hedin, the explorer, and now, thanks to many small contributions in lieu of floral tributes at funerals, enough money has been procured to guarantee the financing of the first building. Others will be started later.

The first will contain sixty-nine suites of one or two rooms with kitchen. For twenty-two of these the rent has been fixed at \$40 a year and for the others the rates will be determined by the cost. The tenants will be people who cannot afford to pay regular rents, but who wish to avoid the humiliation of seeking their final homes in public institutions.

BUSINESS FAILURE INQUIRY IN MANITOBA

Winnipeg, March 9.—A royal commission to inquire into the cause of the failure of the Hearst Music Publishers Limited and the Farmers' Packing Company will be urged in a resolution to be submitted in the Manitoba Legislature to-morrow by T. C. Norris, Liberal leader and former Premier.

He will request that the scope of the commission's investigations be applied to the whole plan of selling stock, commission payments, the mode of acquiring property and the general conduct of business by both companies.

The resolution further asks that the Companies Act and the Sale of Shares Act be amended so as to prevent similar losses to shareholders in other projects, launched within the province.

PLANT NOW

Rock and Alpine Plants should be planted without delay. Hardy Border Plants should be planted at once. Our stock is the most complete in Western Canada.

We are busy, but not too busy to take care of the largest or the smallest order.

We are designing a large number of Gardens in Victoria and Vancouver this Spring. We shall be glad to design yours.

Sooke News

Special to The Times

Sooke Harbor, March 9.—The Women's Institute held a very successful tea and sale on Tuesday, Mrs. Roberts and Mrs. Jones were in charge of the stall of home cooking. Mrs. Charteris and Mrs. Cairnes sold the bulbs and plants. They made a profit of \$12.50. Miss Dawson gave great pleasure to those present by singing "Smile" and "Love's Gift of Roses." Miss F. Muir played the piano.

LENT

There was a Lenten service at Holy Trinity Church on Thursday afternoon. The Rev. E. Conley preached. The service will be continued throughout Lent. After the service the church committee held a meeting and decided to give a concert at Easton.

CUTTING PULPWOOD

There is a good deal of pulpwood cutting in Sooke and the vicinity.

J. B. Lambardo of Aldergrove, Mission City, is a guest of Mr. and Mrs. Tristram Willett.

RECITAL BY LANGFORD PUPILS IS ENJOYED

Special to The Times

Langford, March 9.—A very pleasant afternoon was spent by parents and friends of Mrs. Horace Simpson's music pupils at the Langford school. The Reverend H. Pearson acted as chairman. The programme included pianoforte solos and duets. The splendid memorisation work of the younger pupils was particularly remarked upon, while the four songs rendered by J. J. Matheson of Victoria were greatly enjoyed.

A pleasing incident of the afternoon was the presentation to Mrs. Simpson of a vase and a bouquet of spring flowers in appreciation of her work from her pupils. The presentation was made by Stella Hinks and Bertram Shields. Afternoon tea was served under the supervision of Mrs. A. Frewing.

The programme was as follows:

Piano solo, waltz, Donald Stewart; piano (a) march, (b) waltz, Marjorie Tinker and Jean Tinker; solo, "Rondino," Bertram Shields; piano solo, "Guards," Stella Hinks; vocal solo, J. J. Matheson; piano solo, "La Czarino," Miss M. Peatt; duet, "Sans Souci," Miss M. Peatt, Ada Simpson; piano solo, "Fifth Nocturne," Ada Simpson; vocal solo, J. J. Matheson; piano solo, "Puer Clise," Mary Stewart; duet, waltz, Mary Stewart and Bertram Shields; piano solo, "Taran-telle," Evelyn Smith; vocal solo, J. J. Matheson.

Moving Picture Machine Installed At Tofino School

Tofino, March 9.—The school board of Tofino, Clayoquot Sound, have lately installed a moving picture machine for the use of the school. The present board is composed of John MacLeod (chairman), John Hansen and W. G. Hamilton, secretary. The electric fittings were supplied by W. G. Hamilton of Tofino.

ON POLICE DOCKET

Before Magistrate Jay in Provincial Police Court on Saturday R. M. King and Mrs. L. Blakney were fined \$15 on a charge of neglecting a horse. Details of the affair were given by Inspector Maurice of the S.P.C.A., who called Dr. Hamilton to view the horse upon complaints being received. Defendants set up that some misunderstanding had existed in relation to the animal.

GOVERNMENT DARES ATLANTIC SHIPPING MEN TO DISPROVE PRESTON'S COMBINE CHARGES

Ottawa, March 9.—The Mackenzie King Government has thrown the gauntlet to the powerful shipping companies of the North Atlantic with a challenge to prove that they are not a combine operating to the disadvantage of Canadian business. And now supporters of the Government in Ottawa are sitting back and waiting for the spokesmen of the shipping lines to come before a special committee of the House of Commons and show—as they declare they can—that the famous Preston report branding them as a barrier to Canada's progress, is a compilation of falsehoods. The Government will give the shipping interests every opportunity to present their case, but it awaits the outcome of the investigation with complete confidence.

By Times Staff Representative

Ottawa, March 9.—The Mackenzie King Government has thrown the gauntlet to the powerful shipping companies of the North Atlantic with a challenge to prove that they are not a combine operating to the disadvantage of Canadian business. And now supporters of the Government in Ottawa are sitting back and waiting for the spokesmen of the shipping lines to come before a special committee of the House of Commons and show—as they declare they can—that the famous Preston report branding them as a barrier to Canada's progress, is a compilation of falsehoods. The Government will give the shipping interests every opportunity to present their case, but it awaits the outcome of the investigation with complete confidence.

The proceedings of the special committee which handles the shipping question, unless they peter out at the last moment, are likely to prove the most colorful chapter of the present session of Parliament. The shipping interests have been shouting for an opportunity to prove their innocence and to show that the Government's scheme to reduce ocean rates is most unfair to them. Now they are to be given that chance.

On the other hand, is W. T. R. Preston, who investigated the operations of the North Atlantic Conference, and assailed them in almost every particular, ready to come before a parliamentary committee and substantiate everything he has said about the shipping men.

CLAIM RATES ARE LOW
The line of argument which the shipping companies will adopt already has been indicated. They will assert, and bring figures to prove it, that their present rates are not excessive, and that the Government's subsidy to the Petersen shipping interests is an unfair and unjustified interference with their business. From the published statements of leading shipping men it is evident that they will even assert that they are scarcely making any money at all out of their Atlantic operations, and cut as proof of this the losses of the Canadian Government Merchant Marine.

SENATE ACTION AWAITED
The Conservative, as predicted in these columns, are solidly against the subsidy scheme. They argue that it is unsound and will not perceptibly affect shipping conditions—a contention which hardly is supported by the evident apprehension of the shipping interests themselves. The Opposition will fight the Subsidy Bill to the bitter end in the House, and then again when it gets before the special parliamentary committee. And after

European Stock For Canadian Farms

Toronto, March 8.—Two carloads of European, Polish, and Cypriot cattle have just been delivered at Brampton, Ontario, to the well-known importer, J. McCallum, who perhaps imports more thoroughbred stock of this kind than any other person in Canada. The twenty-six animals were shipped to Canada on the Canadian Pacific (S. March and Naburn).

Prior to the departure of the stock from Glasgow a parade was organized in which the shipper, Mr. McCallum, proceeded to Glasgow by aeroplane from England.

He has landed in Brandon also for Western distribution.

WILL RETURN TO COAST SERVICE ON APRIL 7

S.S. H. F. ALEXANDER

Crack coastwise liner of the Pacific Steamship Company's fleet, which will return to the Seattle-San Francisco service on Tuesday, April 7, according to an announcement made today by W. N. Allen, district agent for the Pacific Steamship Company. The H. F. Alexander will be commanded by Capt. George Zeh and Capt. E. B. Bartlett, who will alternate on round-trip voyages of the ship.

FREIGHT TRAFFIC SHOWS INCREASE

Proof Business Improving in Western Canada, Says W. R. MacInnes of C.P.R.

Winnipeg, March 9.—Proof that business conditions in Western Canada are improving is forthcoming by the large increase in Western freight traffic that has taken place over our lines in the past three weeks, announced W. R. MacInnes, vice-president in charge of traffic, Canadian Pacific Railway, at the Royal Alexandra Hotel today. Mr. MacInnes said it was confidently expected this increase would continue, especially as the second wheat pool payment would put such a large sum of money in circulation throughout the prairie.

Turning to the passenger traffic prospects for the year, said the vice-president, "things are indeed rosy, but even so, as the tourist bookings are very heavy. We are also interested in the many large conventions that are to take place this year along the Pacific Coast, mostly at Seattle, San Francisco and Los Angeles, and which will be attended by over 100,000 delegates." Arrangements have been made for large numbers of them to make the journey one way through Canada, many of them coming by

CREW IN DANGER ON STRANDED SHIP

Norfolk, Va., March 8.—The Danish steamer Sierra Morena which went aground off Cape Henry—still lies less than 500 yards off the beach with a heavy sea whipped by a forty-eight mile north wind breaking over her. The crew is in some danger, coast-guard men reported, as the sea is so heavy they can not launch a boat to go to her rescue.

CANADA'S TRADE SWINGING AWAY FROM AMERICAN PORTS NEW OTTAWA FIGURES SHOW

By Times Staff Representative

Ottawa, March 9.—Canada's trade with Great Britain, is swinging away from the United States and back to Canadian ports.

This fact, which seems to have been more or less overlooked in the general alarm all over the Maritimes about the Canadian trade movement through Boston, New York and Portland, is revealed by important but little-noted figures tabled in the House of Commons by Hon. T. A. Low, Minister of Trade and Commerce. An analysis of these statistics is interesting and significant. It reveals a big decline in the last two years in the importation of British goods through the United States—a movement which the Maritimes blame for a great deal of their present business difficulties. Thus the swing of the pendulum back to the Canadian ports, which the Government plans to accelerate with its new ship subsidy scheme, already is under way.

These are the facts of the situation: In 1922 Canada's total imports from Great Britain were valued at \$141,321,443. Of this business \$2,914,881 went through United States ports. Last year the British imports grew to \$155,586,690 but the movement through the United States dropped suddenly down to \$932,234.

In other words, the imports through the United States in 1923 represented just two per cent. of the total movement of goods from Britain to this country. Last year the movement through the United States dropped to six-tenths of one per cent. of the total—a very plain indication of the tendency backward to Canada.

In ports through the United States under the British preference, too, are shown to form a very small proportion of the total preferential imports. Last year Canada imported goods valued at \$192,954,427 under the British preference. Of this business only \$311,749 came through the United States as against \$102,123,678 imported through Canadian ports.

Doubtless it was with these figures in mind that Premier Mackenzie King held out little hope of a delegation of Maritime business men recently his Government would adopt a policy of limiting the British preference to goods imported through Canadian ports. Such a scheme, warned, might bring speedy retaliation by the United States, which could easily reply to Canada's move by stopping its heavy imports through Canadian ports like Montreal and Vancouver. And on the basis of the statistics quoted evidently the Government does not consider this risk worth while, particularly when it expects to alter the whole shipping situation on the Atlantic by the new ship subsidy scheme and thus gain complete control of its rates.

B.H.

Dutch Steamship Aalsum, Damaged, Now Quite Safe
Boston, March 9.—The Dutch steamship Aalsum, damaged by collision with the United States Shipping Board steamship Darnedake, twenty-five miles south of Nantucket Lightship, last night, was reported this morning quite safe. She has a big hole in her port side, and No. 2 hold is full of water. She expects to arrive in New York under her own steam.

Mail Subsidy to Queen Charlottes Being Considered
Prince Rupert, March 9.—The question of a mail subsidy in connection with the Queen Charlotte Islands will be taken up with Sir Henry Thornton and the Federal Government, according to a resolution passed by the Prince Rupert Board of Trade.

Mail Contract With Royal Mail To be Renewed
Ottawa, March 9.—The Minister of Trade and Commerce announced Saturday an arrangement had been completed for the renewal of the present contract with the Royal Mail Steam Packet Company to continue the West India service until such date as the conference with the representatives of the West India colony had been concluded at Ottawa.

LATEST CHARTERS
San Francisco, March 9.—With the chartering of the steamship Bankoku Maru, lumber, North Pacific to Shanghai, \$10.50; March-April, a total of four vessels were fixed during the week. Although rates are softer they are sustained by a limited amount of tramp tonnage offering. The Japanese lumber market apparently is easier, since \$11 and \$12 was obtained several weeks ago and the fixture was made to-day at \$10.50.

The Australian lumber market is quiet and there is little inquiry for tonnage. Rates remain firm at \$14 to \$14.50 for parcels. There are limited offerings for full cargoes. Intercoastal lumber rates weakened slightly and full cargoes are being booked at \$13.50 and \$14. Offerings, however, consist mostly of parcels. The coastwise lumber market remains virtually unchanged.

March bookings were made at 38s. 9d. Space for April-May now is quoted at 35s. to 36s. 3d. Recent charters follow: Steamship Romagne, lumber, North Pacific to New York, \$14.50; March; steamship Linkmore, grain, British Columbia to the United Kingdom, 37s. 6d.

Will Construct Salmon Cannery At Seal Cove
Prince Rupert, March 9.—Construction of a salmon cannery by the Millard interests at Seal Cove is about to commence. Until the plant is completed, use will be made of the floating cannery Laurier Whaler, after which the Whaler will be sent to Barnard Cove, ninety miles south.

"OH DOCTOR" ROLLYING FILM AFTER HARRY LEON WILSON'S POST SERIAL

Adventures of Hypochondriac Patient When He Decides to Get Well Provide Excellent Comedy on Capitol Screen.

"Oh, Doctor!" Universal-Jewel starring Reginald Denny showing at the Capitol Theatre, is one of the most entertaining combinations of humor, comedy, satire and rapid action ever shown on any screen. When it is realized that the picture adheres closely to the Harry Leon Wilson classic of the same name, published in The Saturday Evening Post not so long ago, it can be understood why the screen version has won such united acclaim.

Denny, by his work in a varied assortment of screen vehicles, has established himself premier among screen players in certain manners of characterization, said characterizations depending considerably on comedy that is true comedy, and not slap-stick, and a humor that is of the subtle variety, to say nothing of his athletic prowess when it comes to combining the other two qualifications with an ability to produce thrills.

In "Oh, Doctor!" Denny takes the part of Rufus Billups Jr., become in his early youth a hypochondriac because of a still earlier environment, and attaining young manhood

dominated entirely by the various obsessions that create the peculiar pathological condition in question. While the whole situation is artistically ludicrous, there are several outstanding episodes that accentuate the tempo of the humor. The most hilarious of these is a mind experience of Rufus, who, intrigued by a painting of a faun and a forest nymph, dreams that he is a faun, wooing a beautiful nymph, who turns out to be his nurse. Denny does another fine bit of work when he essays his first bite of meat, for he has become desirous of stepping into the world and showing the nurse, with whom he has fallen in love, that he can be as other men—and even more so when it comes to deeds of daring.

Fine direction by Harry Pollard, and an unusually capable supporting cast, make for the complete success of "Oh, Doctor!" Mary Astor has the leading feminine role, and others are Otis Harlan, William Mong, Tom Ricketts, Lucille Ward, Mike Donlin, Clarence Geldert, Blanche Payson, George Kuwa, Martha Mattox and Helen Lynch.

Lucius Henderson and Jane Jennings.

"A Man Must Live," produced by Paul Sloane, is the director's first work for the screen and Dix's second of Paramount's Famous Forty.

What should be an excellent show will be staged this week at the Coliseum Theatre by the Hincks company. It is to be a farcical opera, taking as a base the well-known opera "Faust." The fun is said to be fast and furious, and with the addition of Ernie Petch's voice the singing will undoubtedly be good. Ernie

"A Man Must Live" Coliseum Showing Which Features Dix

Excellent Cast Assembled For
Paramount Offering With
Lively Story

Richard Dix in his new Paramount starring picture, "A Man Must Live," now showing at the Coliseum Theatre, is supported by a cast which far outshines that which appeared with the new Paramount luminary in his first production as a star, "Manhattan."

Jacqueline Logan, who played opposite Dix in "Manhattan," again has an important role. She shares feminine honors with Edna Murphy in "A Man Must Live," adapted by James Creelman from the story, "Jungle Law," by L. A. R. Wylie. Miss Murphy has appeared before in Paramount pictures and was recently seen in "The White Moth."

George Nash plays a heavy role in the picture. Dix's role in the production is that of a returned World War veteran who gets a job as reporter on Nash's paper.

Other big names in the cast are Charles Beyer, Dorothy Walters, William Ricciardi, Arthur Houseman,

AT THE THEATRES

Capitol—"Oh, Doctor."
Dominion—"The Thundering Herd."
Playhouse—"King Dodo."
Coliseum—"A Man Must Live."
Columbia—"Hurricane Hutch."

is to have the part of Mephistopheles, with George Brydson as Faust and Will Marshall as Valentine. Eva Hart will take the part of Marguerite, while Peggy Lewis is to be Martha. Reginald Hincks is a butler of the establishment who has a great deal of doubling up to do, taking various characters, and Frank Allwood is the director of the show.

Charles Hutchison Provides Film With Spirited Adventures

"Hurricane Hutch in Many Adventures" Is Columbia Showing This Week

"Hurricane Hutch," now showing at the Columbia, was produced by Charles Hutchison, who went to England specially for the purpose, and who also plays the leading part in the film.

The story was written by his wife, Mrs. Hutchison, who plays the part of Nancy Morris in the picture.

Into the film "Hutch" has put all his daring and contempt for danger—he injured himself in one of the risky final scenes.

The drama runs along at a spirited pace from start to finish, enlivened by Hutch's escapades, but it was not designed merely as a succession of thrills. The excitement and the "stunts" are only part of an interesting tale, and in this sense the film constitutes a departure from the usual methods in this type of picture.

Many of the scenes were taken around the quaint old mill in the village of Houghton.

He who was never wise enough to find out any mistakes in himself will not be charitable to excuse what he reckons mistakes in others.

KIWANIS MINSTRELS TO MAKE BOW AGAIN AT ROYAL VICTORIA

Show Will Continue Two
Nights, April 6 and 7

The eagerly awaited reappearance of the Kiwanis Minstrels will take place on April 6 and 7, at the Royal Victoria Theatre. The company this year bids fair to excel all previous records by the Kiwanians, and the club anticipates that last year's record of selling the house out for all performances will be repeated before the opening of the box office.

All Kiwanians will next week be able to supply their friends with tickets, and are now making arrangements for distribution.

The Kiwanians have in hand an ambitious project for assistance to underprivileged children, and the profits from the minstrel show are relied upon to provide the necessary funds for this undertaking.

Quick Action for Piles

If you suffer with the pain, strain, itching, bleeding and corrosion of protruding piles, no matter how severe, send to the nearest drug store for a 40-cent box of Pyramid Pile Suppositories. It is a wonder. You get the kind of relief that puts you on your feet and clears your mind.

INSIDE STORY TOLD OF FILMING OF ZANE GREY'S GREAT NOVEL

Actors and Cameramen Faced Actual Dangers of Stampede of Horde of 2,000 Wild Buffalo in Production of "The Thundering Herd"; Showing at Dominion Theatre.

In the twenty-two years motion pictures have been in existence, almost every phase of western life and western history has been photographed save the most important story of all—that of the buffalo.

Now, for the first time, the true story of the bison has been told in celluloid.

Perhaps one of the reasons for the lack in the past of motion pictures showing the buffalo is the difficulty in obtaining the animals and handling them. In 1870 approximately 8,000,000 buffalo roamed the Great Plains west of the Mississippi River. To-day there are scarcely 4,000.

When Paramount undertook to produce Zane Grey's "The Thundering Herd," now playing at the Dominion Theatre, one of the first problems confronted was securing a sufficient number of animals to put over the tremendously big scenes effectively.

Men from the studio location department scoured the country in search of a large herd. After many weeks they returned with the report that in Yellowstone National Park, Wyoming, there were several big herds scattered over the reservation. Upon an assay of the region, it was discovered that in all the total number of buffalo in the park reached close to 2,000.

RANGERS HELP
Permission was then obtained to band these herds into one great body. This in itself was a prodigious task and took several weeks. The buffalo were in a wild state and it was only through the skill of eighteen expert rangers, headed by Horace Albright, superintendent of Yellowstone Park, that they were brought together.

Once the animals were herded, a big company from the Paramount studio, including Jack Holt, Lois Wilson, Noah Beery and Raymond Hatton departed for Yellowstone.

Park to start production on the picture. In one part of "The Thundering Herd," the script calls for a spectacular stampede of the buffalo down a narrow valley. In obtaining this scene, both the players and staff members risked their lives. The cameras were erected behind huge embankments of rocks and trees directly in the path of the herd. When the buffalo came to the obstruction the front line of animals was unable to veer aside and was driven into the embankment by those pressing behind. In the wild scramble that followed, the photographers actually braved death in protecting their cameras.

The seven reels of "The Thundering Herd" took many months of heart-breaking work to accomplish.

**Music Lovers' Night
At Capitol Theatre**

To-night, the Capitol Theatre will present its Music Lovers' Night.

under the leadership of A. Prescott. The programme as arranged by Mr. Prescott is one that will not only please music lovers but will also be in keeping with the feature picture, "Oh Doctor," featuring Reginald Denny.

The following selections will be rendered during the evening in addition to a number of others too numerous to mention:

Selection, "Rose Marie," Rudolph Friml (introducing "Indian Love Call," "Totem Pole" and "Door of My Dreams"); fox trot, "My Best Girl," "Kiss Me Goodnight," "I Can't Stop Babying You."

Tom Gallery and Bessie Love in Marshall Neilan's production "THE ETERNAL THREE" A Goldwyn Picture

LANTERN LECTURE

Under the auspices of the Saanich

Public Schools Athletic Association a lantern lecture and concert was given at Tillamook School on Friday evening, March 8. About 200 adults and children were present. Jim Bryant, assisted by W. T. Jeune, gave a lecture on "Through British Columbia." The slides used were beautifully colored and showed boat routes and train routes over the C.N.R.

**Musical Comedy
"King Dodo" at
Playhouse To-day**

Frank Morton As Mythical Monarch; "The Eternal Three," Screen Feature

At the Playhouse, starting to-night, the Frank Morton company will offer the second of their clever musical comedies, "King Dodo," considered one of the funniest musical comedies ever presented on any stage. Mr. Morton assumes the role of the mythical monarch, a comedy part in which he made an enviable reputation in various stock and road attractions. Gladys Vaughan will be seen as the princess, with Roy Earl as the grand vizier, Hilda Cooke, the Bennett sisters, Anita Holt and Gretta Macartney all have important supporting roles. New scenery, electrical effects, costumes and song numbers will be noticeable features of the new programme. On the screen, Marshall Neilan's "The Eternal Three" is announced as the feature, with Claire Windsor, Hobart Bosworth, Bessie Love and Raymond Griffith as the principal players. Gaskill's jazz orchestra have a number of interpolated classical and popular musical numbers. A riotous comedy completes the programme.

**Train Was Looted by
Mexican Robbers**

Vera Cruz, March 9.—Eight armed bandits yesterday held up the La Barra train at Arrol Grande and robbed it of \$3,000 belonging to the Pierce Oil Company. The money was being taken to the oil camp to pay off the workers there. The bandits left behind them \$2,000 they could not carry off.

**CHURCH PROTESTS
ARE MADE IN FRANCE**

Paris, March 9.—The silent marching of thousands of Catholics in protest against what they call the Government's policy of "religious persecution" has given added significance to the traditional Sunday political meetings in France. Yesterday they paraded in absolute silence from churches to buildings from which the bishop or other church dignitary addressed them.

**Dancing All the Year Round in
Victoria**

LEARN TO DANCE WELL—IT IS YOUR GREATEST ASSET IN YOUR BID FOR POPULARITY

Camping parties, beach picnics, week-end frolics—few there be that don't end in dancing! Victoria evenings are never too warm to dance. Besides, there are several big dances and balls still ahead, and the two new dance floors at the Crystal Gardens will be a permanent invitation throughout the summer.

Do Not Neglect This Opportunity! Over 150 pupils of this new School, now finished dancers, attest the infallible work of our methods.

Get in on our Special Summer Prices, \$1.00 Per Lesson, or Seven Lessons for \$5.00. Here, for a paltry outlay, is your greatest opportunity to become an easy, graceful, and accomplished dancer.

STATEMENT MADE BY STEAMSHIP OWNERS

Donaldson, Replying to Preston Charges, Say Atlantic Ships Too Numerous

Montreal, March 9.—A statement in answer to charges made in the report of W. T. R. Preston, cabled by Donaldson Brothers of Glasgow, steamship owners, asserts that the allegation that the North Atlantic Conference is a combine "in no sense correct, as it can be shown that the competition among the conference lines is keener than ever."

The statement continues: "In our opinion the North Atlantic services are suffering from an excess of tonnage, not from a shortage of tonnage, the proof of which is that neither east nor westbound are the ships full to their capacity."

"The principal commodities exported from Canada, such as grain, flour and sugar, are open to the competition of the whole shipping tonnage of the world. The lines are certainly guilty of consistently cutting the rates on these commodities, largely to secure quantities for ballast purposes."

"If these conditions did not exist, Canada would find it would require to pay much higher rates than are generally in force to contract outside tonnage to carry these cargoes."

"It is impossible to follow Mr. Preston's criticisms, as he has gone all over the world for his comparisons without giving the slightest consideration to local conditions. His comparison of the Atlantic trade is largely confined to rates between Great Britain and Europe."

Here again he gives no consideration to the conditions existing that bring about these differences in rates. The minimum rates which he uses for his own purpose can be shown to be cut rates, largely the result of the differences and quarrels of lines competing for the traffic."

RATE COMPARISONS
"In the comparison made between pre-war rates and the present rates in force, no consideration has been given to the conditions and costs which exist to-day against pre-war conditions."

"The shipping companies, we are sure, would court the fullest investigation into all circumstances. The Donaldson Line would be prepared to submit their trading results for investigation by any first-class firm of accountants."

"In regard to cattle rates, an attempt has been made to prove that the current rate of freight of \$20 a

head is seriously interfering with the development of this particular trade. As a matter of fact the removal of the embargo on Canadian cattle is of such recent date that the trade has required time to be put on a proper export basis and we are informed by shippers that the export trade of livestock from Canada this year is going to be largely in excess of last year. This is quite against Mr. Preston's contention that the rate is killing the traffic."

"The Canadian merchant marine service, we have no doubt, can support our view. Throughout his report Mr. Preston advocates Government control. The disastrous effects of Government control or management, especially in shipping, are too well known to require further comment."

London, March 9 (Canadian Press Cable).—The White Star Steamship Company has issued a statement in connection with the decision of the Canadian Government to enter into a shipping contract with the Petersen Company and the report of W. T. R. Preston on the North Atlantic freight rate situation. It follows largely upon the lines of those issued by other shipping companies and denies there is any discrimination against Canada.

BELIEVES IN OLD-FASHIONED HELL—Rev. V. I. Donnelly, who, preaching the Lenten sermon in St. Michael's cathedral, Toronto, last week, vigorously maintained the existence of a literal, fiery hell.

DRAINAGE IS ADDING TO DUTCH TERRITORY

Amsterdam, March 9.—Queen Wilhelmina will presently find her domain enlarged by 150 acres. The new territory has been annexed from the sea, being the first actual gain of ground as a result of the Zuydersee drainage operations, according to a report issued here.

This gigantic undertaking, which deals with an area of 1,400 square miles and an estimated expenditure of \$100,000,000, was interrupted by the Great War, but has since been proceeding slowly at different points. The difficulties encountered were great, but none of them was unforeseen by the hydraulic experts in charge. Time after time, the report says, dykes or embankments erected in the section of the island of Wieringen, slipped away into the sea owing to the shifting nature of the subsoil. With the quiet tenacity peculiar to the Dutch in their everlasting fight against sea encroachment, the dykes were rebuilt again and again until they now stand six feet above high tide and so firmly knit together with clay, sand, willow twigs, basalt and cement that the fiercest gales have done them not the slightest harm, the report says.

The tests have been very severe this winter. Recently during a fierce storm the quaint island of Marken escaped complete submergence by only a couple of inches, while the town of Monnickendam on the mainland was flooded.

HONORED BY FRANCE
Paris, March 9.—Announcement of honors by the Government on Saturday included the name of Dr. Villard of Montreal, who was made a Chevalier of the Legion of Honor.

BLOND BEAUTY OF FRANCE—Fernand de Beaumont has been declared the most beautiful woman of the French state. She won over thousands of entries in a theatrical beauty contest. Mile de Beaumont is a blond with brown eyes.

GREAT CALIFORNIA TUNNEL COMPLETED

Fifteen-foot Electric Power Development Bore Thirteen Miles Long

Los Angeles, March 9.—The Florence Lake Tunnel, fifteen feet high and the same width, extending more than thirteen miles, mostly through solid granite in a snaky line under the high Sierras, is a construction feat that has drawn the attention of the engineering world. It has just been completed.

The tunnel is one of the most important works in the Big Creek-San Joaquin River project of the Southern California Edison Company. The entire project will bring in 1,407,000 horsepower, and, with its transmission lines, sub-stations and access-roads, will cost \$375,000,000.

COST IS \$17,000,000.
The tunnel itself cost \$17,000,000. It was started in the Fall of 1920, and since then without a stop the work has been maintained in relief shifts. The scene of operations is 250 miles north of Los Angeles and 35 miles south of the Yosemite Valley. The purpose of the tunnel is to convey water from the Florence Lake watershed, source of the south fork of the San Joaquin River, through the barrier of a 10,000-foot mountain ridge into the watershed of Huntington Lake. Huntington Lake is the reservoir of supply for the four great units of the electric company which supplies a large part of central and southern California with light and power.

RECORDS BROKEN
World records for tunnel construction have fallen during the four years' progress in the Sierras. The thirteen-mile bore was divided into three sections, with two lateral adits cut into granite slopes and a crew working each way from each adit. The bore was completed a year and a half sooner than the most optimistic estimates contemplated when the tunnel was started.

The completion of the tunnel will be followed by the creation of Florence Lake, to store 31,000 acre feet of water at an elevation of 7,300 feet. The total drop from Huntington Lake through a chain of tunnels and power houses to the lowest power house is about 6,000 feet.

The whole project when complete will have eighty-six miles of tunnel, with about eighteen power houses. The original development in the Big Creek project, started in 1912, consisted of two power houses developing 88,000 horsepower.

A 220,000-volt transmission line conveys the power generated by these plants 270 miles to Los Angeles.

J. S. Woodsworth Spoke in Montreal
Montreal, March 9.—The Parliamentary Labor Party will not go in with the Progressives, but will remain independent, hoping to return twenty-five members in the House of Commons at the next election, according to Woodsworth, Labor M.P. for Centre Winnipeg, who made an address here last night.

Mr. Woodsworth resented being charged with Bolshevism and declared his opposition to the proposed Treason Law of the Irish Free State under which some Irish leaders would try him.

DE VALERA'S DEFI—Eamon de Valera who calls himself president of the "Irish Republic," goes before the voters to campaign against the proposed Treason Law of the Irish Free State under which some Irish leaders would try him.

New Church Assembly Is Set For June 11
Toronto, March 9.—The first General Assembly of the United Church of Canada, will be held in Toronto on June 11, and an invitation to hold this meeting in Trinity Methodist Church here, has been extended. This is the largest Methodist church in Toronto, with a seating capacity of approximately 1,600.

AUSTRIAN SCHOOL FOR YOUNG MOUNTAINEERS

Vienna, March 9.—Here in a country whose mountain ranges rival and even surpass the peaks of Switzerland, the youth of Austria, both boys and girls, are enthusiastic mountain climbers. But this is often a dangerous pastime, and each year the Alps take heavy toll of young and valuable lives.

To protect these venturesome youngsters there has been organized a mountain-climbing school, with facilities for 400 students. The instruction is to embrace theoretical lectures and practical training. The lectures will treat of meteorology and weather prediction, and will further deal with the comparative value of various textures for articles of wear and equipment for mountaineering. Then first-aid and transportation up and down gradients in case of accident, methods of sheltering from wind, avalanches, rain and snow, and lastly nutrition and physical endurance, will likewise receive attention.

The practical training will be equally diversified. It will demonstrate the best ways of conquering the many hindrances which place themselves in the climbers' path, methods of using ropes and the harnessing of rocks in rescue work and ascending and descending the sheer faces of precipices. Lastly comes the correct handling of picks, axes and alpenstocks. A second course will deal with the uses of skis and snowshoes in Alpine tours.

CHARGED WITH THEFT
Calgary, March 9.—Charged with looting a men's furnishing store in

Winnipeg, eluding both the Winnipeg and Regina police, and enduring the rigors of a freight ride from Winnipeg to Calgary in order to avoid detection, George Ilvard, alias Tony Totillo, was arrested here Saturday afternoon less than fifteen minutes after he had dropped off the freight train. He is being held here pending the arrival of a police officer from Winnipeg.

Henry Baker Died In Manitoba Capital
Winnipeg, March 9.—Henry Baker, seventy, founder of the Army and Navy Boy Scout movement in Winnipeg, died here yesterday. His last request was to be buried in his scoutmaster's uniform. A week ago Mr. Baker was invested with the scouts' Thanks Badge.

Shelly's bread

costs less than bread baked at home and 50,000 families in this Province prefer it

You, too, should join the house-wives' chorus "Shelly's bakery bakes bread for us!"

AUSTRIAN SCHOOL FOR YOUNG MOUNTAINEERS

Vienna, March 9.—Here in a country whose mountain ranges rival and even surpass the peaks of Switzerland, the youth of Austria, both boys and girls, are enthusiastic mountain climbers. But this is often a dangerous pastime, and each year the Alps take heavy toll of young and valuable lives.

To protect these venturesome youngsters there has been organized a mountain-climbing school, with facilities for 400 students. The instruction is to embrace theoretical lectures and practical training. The lectures will treat of meteorology and weather prediction, and will further deal with the comparative value of various textures for articles of wear and equipment for mountaineering. Then first-aid and transportation up and down gradients in case of accident, methods of sheltering from wind, avalanches, rain and snow, and lastly nutrition and physical endurance, will likewise receive attention.

The practical training will be equally diversified. It will demonstrate the best ways of conquering the many hindrances which place themselves in the climbers' path, methods of using ropes and the harnessing of rocks in rescue work and ascending and descending the sheer faces of precipices. Lastly comes the correct handling of picks, axes and alpenstocks. A second course will deal with the uses of skis and snowshoes in Alpine tours.

CHARGED WITH THEFT
Calgary, March 9.—Charged with looting a men's furnishing store in

Winnipeg, eluding both the Winnipeg and Regina police, and enduring the rigors of a freight ride from Winnipeg to Calgary in order to avoid detection, George Ilvard, alias Tony Totillo, was arrested here Saturday afternoon less than fifteen minutes after he had dropped off the freight train. He is being held here pending the arrival of a police officer from Winnipeg.

PUBLIC WORKS DEPARTMENT

ESQUIMALT ELECTORAL DISTRICT

Notice Regarding Discontinuing and Closing Portion of Harrington Point Road

Notice is hereby given that, under the authority conferred by Section 11 of the "Highway Act," Chapter 103 of the "Revised Statutes of British Columbia, 1924," it is the intention of the undersigned, after thirty (30) days from date, to discontinue and close the Harrington Point Road from its intersection with the new private road to the light-house in Section 22, Renfrew District, westerly to its intersection with the west boundary of said Section 22.

W. H. SUTHERLAND,
Minister of Public Works,
Department of Public Works,
Parliament Buildings,
Victoria, B.C., Jan. 24, 1925.

GOVERNMENT LIQUOR ACT.

Notice of Application for Beer Licence

Notice is hereby given that, on the 11th day of March next, the undersigned intends to apply to the Liquor Control Board for a licence in respect of premises in a building situated on northeastern part section 24, District, Map No. 1783, in the Land Registration District in the Province of British Columbia, for the sale of beer by the glass or by the open bottle, for consumption on the premises.

Dated this 8th day of February, 1925.
R. M. KING, Applicant.

"GOVERNMENT LIQUOR ACT."

Notice of Application for Beer Licence

NOTICE is hereby given that on the 11th day of March, 1925, next, the undersigned intends to apply to the Liquor Control Board for a licence in respect of the premises being part of the building known as the Esquimalt Hotel, situated at 619 Pioneer Street, in the Municipality of Esquimalt, Province of British Columbia, upon the lands described as Lots 63 and adjoining lands, Parcel Book Vol. 2, Folio 183, Number 282, in the Victoria Land Registry Office, in the Province of British Columbia, for the sale of Beer by the glass or by the open bottle for consumption on the premises.

Dated this 10th day of February, 1925.
THOMAS JAMES BRUNSON, Applicant.

SEALED TENDERS, in triplicate,

will be received by the undersigned up to 12 o'clock noon on Tuesday, the 17th day of March, 1925, for the supply of FISH, BREAD, MEAT AND BUTTER, GROCERIES, FEED AND FODDER, BOOTS AND SLIPPERS, CLOTHING, DRY GOODS, COAL, for the use of the above institution, and the furnishing of funerals, for the fiscal year ending March 31, 1926.

All supplies to be delivered at the Home without extra charge, in such quantities and at such times as may be directed during the period above stated. Lists and samples of goods required may be seen at the Home.

Two acceptable sureties for the due fulfillment of each contract will be required. The lowest or any tender not necessarily accepted.

JAMES PATERSON,
Purchasing Agent,
Parliament Buildings,
Victoria, B.C., March 2, 1925.

NOTICE TO CONTRACTORS

Fuel for Public Buildings, Victoria, B.C.

SEALED TENDERS, in triplicate, will be received by the undersigned up to 12 o'clock noon on Tuesday, the 17th day of March, 1925, for supplying and delivering COAL, required at the Provincial Government Buildings as enumerated hereunder, during the fiscal year ending March 31, 1926, to be delivered in such quantities and at such times as may be directed during the period above stated.

The approximate annual consumption of Coal at each of the buildings named is as follows:

Best Washed Nut Coal Tons
Parliament Buildings, Victoria ... 1,000
Best Lump Coal ... 100
Government House, Victoria ... 110
Court House, Victoria ... 110
Provincial Normal School, Victoria ... 200

The above mentioned quantities are not guaranteed; the quantity actually required may be under or above the figure stated.

Tenders to be based on ton of 2,000 lbs. Tenderers must state name of mine from which coal is to be supplied.

Each delivery must be accompanied by an official weigh-master's certificate. Weighing charges borne by Department. Tenders must be entered into the contract form which may be obtained from the undersigned.

Tenders shall be accompanied by an accepted cheque in the sum of \$100.00 on a chartered bank of Canada made payable to the Honourable the Minister of Public Works, which will be forfeited if the party tendering declines or neglects to enter into the contract when called upon to do so.

The cheques of unsuccessful tenderers will be returned upon the execution of the contract.

The lowest or any tender not necessarily accepted.

Tenders must be signed by the actual signatures of the tenderers.

JAMES PATERSON,
Purchasing Agent,
Parliament Buildings,
Victoria, B.C., March 2, 1925.

ATTRACTIVE SEAVIEW HOME

HERE is a property that will appeal to those desiring a really comfortable and attractive home, with unobstructed sea view, but not wishing to be actually on the waterfront. The situation is ideal, being just off the main thoroughfare in a nice, clear, level lot, standing high and with a most delightful outlook over the straits. The house contains 7 large, bright rooms with every modern convenience; also large plate glass windows in front room, extra toilet in basement, good hot air furnace and other features. The house is all in first-class state of repair and we can recommend it as an exceptionally good buy at

DOG TEAM DRIVER TO APPEAR IN MOVIES

Seward, Alaska, March 2 (By the Associated Press)—Bill Shannon, who participated in a second relay dog team race February 27 with diphtheria anti-toxin from Nenana to the quarantined town of Nome, and who has accepted an offer to appear in motion pictures at Hollywood, Calif., announced to-day he would leave Alaska and live in the United States after spending many years in this territory.

Shannon is here with the remnant of his picked dog team, including the leader, Blackie, who traversed the sixty-mile stretch between Nenana and Tolovana with diphtheria serum in temperatures averaging 62 degrees below zero. Three dogs died on the trip. Shannon's face is scarred by frost and is blackened, showing intense strain from the biting cold.

When Shannon first came to

Alaska he served as quartermaster-sergeant in the Fourteenth Infantry. He later became a prospector. His parents live in Constate, N.Y.

Shannon is to sail for Seattle on the steamship Alaska with the original outfit used during the dash to Tolovana and his dogs.

TAX INVESTIGATION IN UNITED STATES

Washington, March 2.—Officials of the Internal Revenue Bureau have been directed by the Senate investigating committee to call to the attention of Secretary Mellon the circumstances under which there has been a failure to assess \$573,000 additional taxes against William Boyce Thompson of New York, one-time chairman of the finance committee of the Republican National Committee.

In directing the officials to act, Chairman Cossens said the record in the Thompson case disclosed before the committee had developed "a most astounding situation."

In summing up the case, L. C. Manson, counsel for the committee, declared it had disclosed that "it is possible for the heads of two divisions, by co-operation, to fix a tax and in spite of the best efforts of conscientious employees working under them, to keep from responsible officers, such as the solicitor and the commissioner himself, the information such as goes to the liability of a taxpayer to pay a tax."

New York, March 2.—Ugo Frigerio, Italian and Olympic champion walker, will meet Willie Plant, American champion, in a special 10,000-meter event late this month. Frigerio, who was scheduled to depart for Italy yesterday, said he would remain to meet Plant.

The Morningside A.C. Plant's club, will stage a meet at which the walk will be the feature. Frigerio has been eager to meet Plant at 10,000 meters, which he says is the distance for which he had been trained.

ONTARIO MARRIAGE LEGISLATION URGED

Toronto, March 9.—An effort to put a stop to hasty marriages will be made by E. R. Wigle, Conservative, Centre Huron, in the Ontario Legislature this week. He will introduce a bill to amend the Marriage Act, so that a marriage license must be obtained at least three days before the nuptial knot is tied, and that a birth certificate or an affidavit from an elder member of the family must be forthcoming to say those to whom the certificate is issued are of statutory age.

ST. PAUL'S REPAIRS ABOUT TO BE STARTED

Only Nave of London Cathedral is to be Open to the Public After April 1

Screens Will Cut Off Dome Chancel, Transepts and Choir

London, March 9.—Canadian visitors to London this year who want to see the interior of St. Paul's Cathedral must arrive here before the end of the present month, for the greater part of the building then is to be closed to expedite the work of strengthening the piers supporting the great dome.

The whole space beneath the dome, as well as the transepts and choir, is to be screened off, only the nave remaining open to the public.

Daily services will be conducted in the nave. The official announcement of the closing does not state its duration, but the cathedral authorities say it may be some years. One of the first operations after the separating screen is erected will be to dismantle and remove the great organ and carved choir stalls, so the eastern pillars, which have not yet been examined, may be inspected, and, if necessary, restored. This work alone will occupy six months, as removal of the fine decorative carving of the organ and stalls will necessitate exercise of the greatest care and skill.

A GREAT ORGAN

The organ was built by the famous German builder, Father Bernard Schmidt in 1827, and the magnificent carving of the case was done by the celebrated Seventeenth Century artist, Grinling Gibbons. The organ was rebuilt in 1870 and has since been enlarged. There are now 1,822 pipes and 162 stops.

The officials of the cathedral assert that the closing does not imply any danger of collapse, but that it was merely ordered to enable the workmen to proceed without interruption. The officials are still satisfied that filling of the hollow pillars will save the dome and make rebuilding unnecessary.

\$1,000,000 FIRE LOSS IN ARKANSAS TOWN

Bottle Plant, Six Houses and Oil Plant Destroyed by Flames

For a Time Yesterday Whole Town of Fort Smith Was Threatened

Fort Smith, Ark., March 9.—This entire city was threatened by fire for more than three hours yesterday when the Zenor Bottle Manufacturing Company's plant, with an estimated \$1,000,000 loss, and immediately afterwards six houses in a residential section of the city were destroyed. The cause of the fire was not determined.

With the destruction Saturday night of the Fort Smith Cotton Oil Company's plant the total loss probably will exceed \$1,000,000.

CHURCH IN ONTARIO DESTROYED BY FIRE

Ottawa, March 9.—Fire, the primary source of which is attributed to a crack in the chimney wall occasioned by the earthquake a week ago, caused complete destruction of St. Vicar's Roman Catholic Church at Alfred, Russell County, on Saturday night. A convent of the Grey Nuns situated a short distance west of the destroyed church building was saved by the joint efforts of the nuns and townspeople.

The property loss runs between \$50,000 and \$90,000.

Nine Men Put Under Arrest as Result of Fights

Niles, Ohio, March 9.—Six men are under arrest here to-day and three more are held in the Niles city jail on charges of fighting, carrying concealed weapons and suspicion as a result of two clashes at street corners here late last night.

Reports that the fighting was between Ku Klux Klansmen and anti-Klansmen were denied by Police Chief L. J. Round.

SENSATIONAL SUIT INCURS HEAVY COST

Society Woman Sues Ex-Husband For £952 at Cost of £20,000

London, March 9.—When the Denistoun hearing is resumed on Tuesday, according to current gossip, there will be no disposition in the sensational proceedings which are expected to occupy the remainder of the week. There are still many witnesses, mainly detectives and hotel people, largely from Southern Europe, to be heard for the defence. The presence of this cosmopolitan crowd gives the court a bizarre appearance, while the doors of the court-room daily are stormed by hosts of prominent society figures, mainly women, who seek an opportunity to hear the testimony.

Despite the imperturbability displayed by Mrs. Denistoun during her long cross-examination, she is said to be suffering from extreme nervous exhaustion and to have gone to the country for a rest. The costs of the action will be out of all proportion to the sum the plaintiff seeks to recover from her husband—£952. Counsel fees are estimated to largely exceed £500 daily and the total daily costs of the trial are said to be £2,000. Thus the total costs of the action are likely to amount to £15,000 to £20,000.

NEAR DEATH—Colonel William J. Simmonds, founder and former emperor of the Ku Klux Klan, is near death from injuries received in an automobile accident.

POLITICAL CHICANERY IS GREAT IN IRAK

Bagdad, March 9.—Although the total population of Iraq is less than 3,000,000, the parliamentary election returns submitted from all districts indicate there are no fewer than 18,000,000 voters in the country. In appears some of the tribal sheikhs with political ambitions were inclined to exaggerate the number of their tribes when compiling their electoral registers.

An official investigation is now being made into this sudden swelling of the population. Democracy is likely to have many more unforeseen results in Iraq. It is significant that eagerness to be represented in the Parliament of Iraq outweighed the consideration that, if compulsory service were ever introduced, large quotas of men would be expected from tribes with long lists of voters.

It is urged that a reliable census of Iraq be made. It would not be a novelty in the country. The rulers of ancient Babylon knew of a fair degree of accuracy how many men they held under their sway.

HAWAIIAN STARCH MARKETING IN U.S.

Honolulu, March 9.—Hawaii's most recent industry—the production of starch from canna plants—came through the past year with a total output of 22,000 cases, according to announcement by Edouard B. Doty, secretary of the Hawaiian Starch Company.

The entire production will be absorbed on the mainland and its sought after by mainland manufacturers of starch, who mix it with their own product to raise the quality, Doty said.

The manufacture of starch from canna tubers was launched by the Hawaiian company about four and a half years ago, with the company harvesting its first appreciable crop in 1924. The demand for the product, Doty said, is practically limitless and 100,000 cases of the starch could have been disposed of this year. Considerable new acreage is being planted to canna, which is refined at Hilo.

LAW WAS ENFORCED FOR THE FIRST TIME IN TWELVE YEARS

Honolulu, March 9.—Discovery that residents of Hawaii had been violating a Federal customs law for twelve years was made when agents of the customs service under Frank Thropt, mainland agent, swooped down simultaneously upon curio and jewelry stores here and seized leather jewelry containing the plumage of the kingfisher valued at \$2,000.

Importation of such jewelry into the United States was forbidden by Congress in 1913, but the law apparently was never enforced. The goods were seized, according to Thropt, in the office of Harry E. Murray, collector of customs, until the customs agents' disposal are received from Washington. Duty had been paid on all of the jewelry seized, according to Thropt.

Most of the jewelry is made from kingfisher wings in the Orient. The feathers are dipped and then encrusted with precious stones or bits of brilliant coral.

The law forbidding importation of such articles was based on a desire to propagate wild animal life.

RELEGATE TARIFF ON BACKGROUND; HEAVY SLATE FOR SESSION

Rates on Land and Sea Dwarf All Issues, But Many Problems Face Lawmakers

Tariff Adjustments Only Expected; Some Manufacturers Seek Upward Changes

By Times Staff Correspondent
Ottawa, March 9.—The tariff has been moved from the foreground of the picture here. In place of honor now bulks the transportation problem which Canada's lawmakers will attempt to solve in a broad, national way before they adjourn their present session.

Developments since the opening of the session have only served to emphasize the waning prominence of the tariff. The government has not given Parliament any definite understanding about its plans for handling the tariff this year, but everyone appears to know that no drastic changes in the present duties are contemplated. The government, it is generally understood, will prefer to leave the framework of the present tariff alone, allowing the changes of last session to take their course and make their effect known gradually, rather than complicating the situation with further departures.

The transportation problem, the government evidently feels, not only is the most important factor in Canadian business to-day but is large enough, with its various ramifications, to keep Parliament busy until the sunny days of June. Unquestionably months will be required to lay down general policies for freight rates on land and to arrange for the fixing of rates on the ocean.

URGE HIGHER DUTIES

Naturally, however, there will be adjustments in the tariff. The places in which these adjustments will be made are not known, but Nova Scotia coal operators are demanding further tariff protection and Quebec shoe manufacturers are urging the government to raise the duty on American footwear. Delegations representing the Quebec iron and steel industry are waiting upon the government privately the other day to explain the need of tariff assistance, and questions about the steeling duty have already been on the order paper of the House of Commons. The Canadian manufacturers will put up a strong case. Woolen interests also are hunting for more protection.

MANY BIG QUESTIONS

With the transportation rate problem overshadowing everything, many other important questions remain to be made up between them a programme which will hold Parliament for a long time to come. The Australian Tariff Treaty calls for action and then there will be certain consequent adjustments in the Treaty with New Zealand. The Geneva Protocol, which is not very generally understood among private members, will bring the Canadian into the arena of international affairs for a while. Racing legislation promised by the government and the steeling duty moves in the government's Senate reform plans will take time, too. Add to that a host of proposals and counter-proposals by private members, and a long list of departmental estimates and there is a full slate.—B.H.

YOUNGEST POPE—Mar Ishaq Shimun, but 16 years of age, is the new patriarch of the Nestorian Assyrian Church, one of the oldest Christian sects in the world. He succeeds his brother who died in a refugee camp. He speaks English and is devoted to sports.

Negro Institutes Are Given \$1,000,000 By Rockefeller

New York, March 9.—John D. Rockefeller Jr. has given \$1,000,000 to the Hampton and Tuskegee institutes for Negroes, it was announced by Dr. Anson Phelps Stokes, chairman of the special gift committee of the Hampton-Tuskegee Endowment Fund.

Mr. Rockefeller's donation was made unconditionally and brings the endowment fund now being raised to \$2,500,000. Dr. Stokes characterized Mr. Rockefeller's gift as marking "the union of all those forces whose co-operation must be secured—if the negroes are to be given an adequate opportunity in our country and if we are to have increasingly inter-racial peace and good will."

Second Cousin of W. Hohenzollern Died

Dresden, Germany, March 9.—Ex-Prince Friedrich Wilhelm of Prussia, second cousin of the former Kaiser, died in a sanatorium of Weissenhof this morning, aged forty-five. He was the youngest son of Prince Albrecht, Regent of Brunswick. In 1910 he married Princess Agatha of Ratibor, one of the beauties of the Potsdam Court, who with four daughters survives him.

SCHOLARSHIPS FOR SWEDES IN THE U.S.

Stockholm, March 9.—Champions of increased good will and co-operation between the United States and Sweden are gratified at an announcement made public here by the Sweden-American Foundation of twenty new scholarships donated by leading citizens of the United States, including Thomas A. Edison and J. P. Morgan, and United States concerns for the purpose of enabling Swedes to pursue studies and get practical experience in the United States. Each student will receive a stipend of \$1,500 a year for a maximum of two years and the privilege of practical study in the institutions of the donors.

These scholarships have been obtained through the efforts of A. R. Nordvall, vice-president of the Sweden-American Foundation in Stockholm, who served at Washington during the war as Sweden's High Commissioner for Trade in the United States. During the past five years twenty other scholarships of ten students from each of the two countries to pursue studies in the universities and colleges of the other. Next year thirty Swedish students will benefit from scholarships given for study in the United States.

SOMALILAND TRIBES ENGAGE IN BATTLE

London, March 9.—A Nairobi dispatch to The London Daily Express says the transference of Jubaland to Italy under the recent treaty has given occasion to disturbances, two Somali tribes battling for the possession of a certain oasis. No casualties are reported, but a number of women are said to have been carried off.

NEW TOKIO SUBWAY PLANS ARE COMPLETED

Tokio, March 9.—Plans for the proposed Tokyo municipal subway system have so far advanced that the committee in charge is ready to submit the scheme to the government. The system is to consist of about fifty miles of underground trackage and the estimated cost is \$100,000,000.

Men's Scout Boots
Solid leather, two extension soles, screwed and stitched, built for wear and comfort.

\$2.98

Keep a California lemon in a sancer always on the sink. Every time you wash dishes, dust furniture or bric-a-brac, sweep, or do any kind of work that's rough on the hands, rub the skin with lemon. It will take off skin-stains, remove the soap-scurd that stays on the hands to check and crack them, and keep the skin smooth, soft and white.

It is the simple, inexpensive and effective way that millions of women use.

Try it for ten days and see how much better your hands look and feel. You'll always do it if you try it once.

Get a dozen California lemons now and keep them always handy for this highly profitable use.—Adv.

Sizes 6 to 11. Regular Price \$4.00
